# November Photo Exhibition

---

Hobbyists Camera Club

## HCC's Nov. 2018 Photo Exhibition

---

- ❖ To date, the following thirteen members of our club have indicated they will participate:  
Steve Basch, Giancarlo Bisone, Joe Burns, Bill Carbone, Ed Collins, Lew Dickinson, Mel Flantzman, James Hildreth, Lou Karcher, Al Kunz, Bob Norelli, Bill Raferty, and Paul Woodburn.
- ❖ “How many pictures may I show?” Your help is needed to answer that. Who else is interested in exhibiting their photo(s)? If you anticipate using a photo you will take this summer, but are certain you'll participate, let me know that. What will the frame size of your photo(s) be?
- ❖ Given space limitations, please advise ASAP if you will participate so it can be determined how many members will be able to show more than one photo. Please send your participation intent to me: lkarcher@optonline.net as soon as possible.

## HCC's Nov. 2018 Photo Exhibition

---

Punch list for completion:

- ❖ A decision not to host an open reception has been made.
- ❖ Identify the picture(s) you will display; see the brochure draft for required information. Forward this info as soon as you have made your decision - please include frame size.
- ❖ Brochure finalization for printing & release to RPL - open issues? A draft proposal is shown on the next slide - addition and deletion recommendations greatly appreciated.
- ❖ Finalize entry hall exhibit. It's been suggested we use our Stable's exhibit banner.
- ❖ Finalize volunteer list for hanging all pictures Thursday morning 11-01-2018. Participants must arrange for the delivery of their photos, ready for hanging, between 09:00-11:00 on November 1st.

**HCC November 2018 RPL Exhibit Brochure  
Initial Draft for your Review, Approval and/or Comments**

*November 2018 Photo Exhibit  
presented by  
The Hobbyists Camera Club of Ridgewood  
hosted by  
The Ridgewood Public Library*

The Hobbyists Camera Club is one of the thirty activity groups of **Hobbyists Unlimited - HU**. Our parent organization is a club of approximately 432 retired and semi-retired men from Ridgewood and the surrounding communities. Hobbyists Unlimited is a non-profit, non-political, non-sectarian organization founded in 1967 for the purpose of fostering fellowship among its members through the enjoyment of various activities and hobbies.

Forty (**number to be determined**) of our Camera Club members have contributed to this exhibit. We believe that a picture is worth a thousand words. In this exhibit hall you will "see" the words that depict the stories of (**xx**) continents and (**xx**) countries. The images displayed depict various subject types, i. e., the culture, the people, the architecture, the landscape, the fauna, and the flora (**others ???**). Each of our club's contributing photographers, listed below, extends their personal greetings to you. We hope that you enjoy viewing these pictures as much as each of us has enjoyed taking them. Welcome!

Sincerely,  
The Hobbyists Camera Club of Ridgewood - HCC

# Photoshop Layers

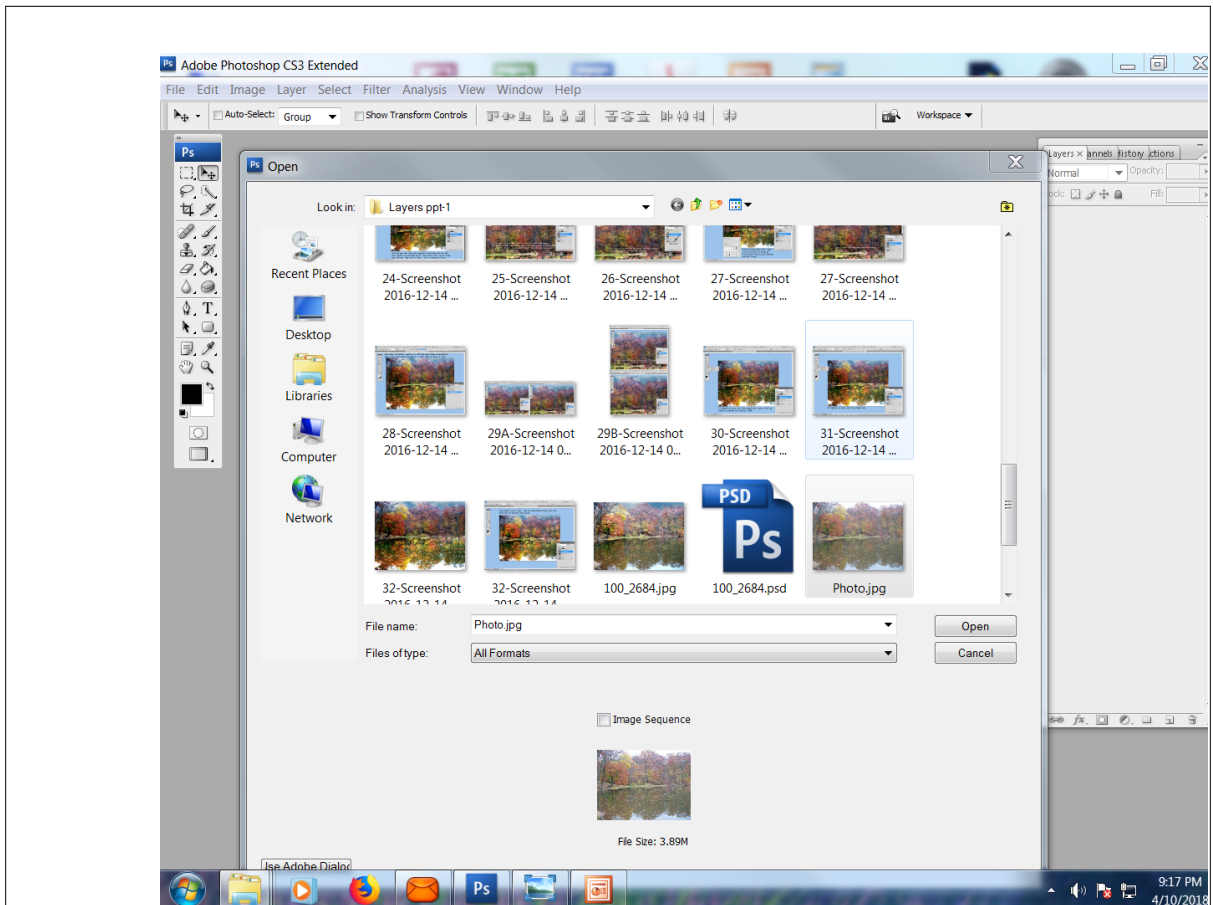

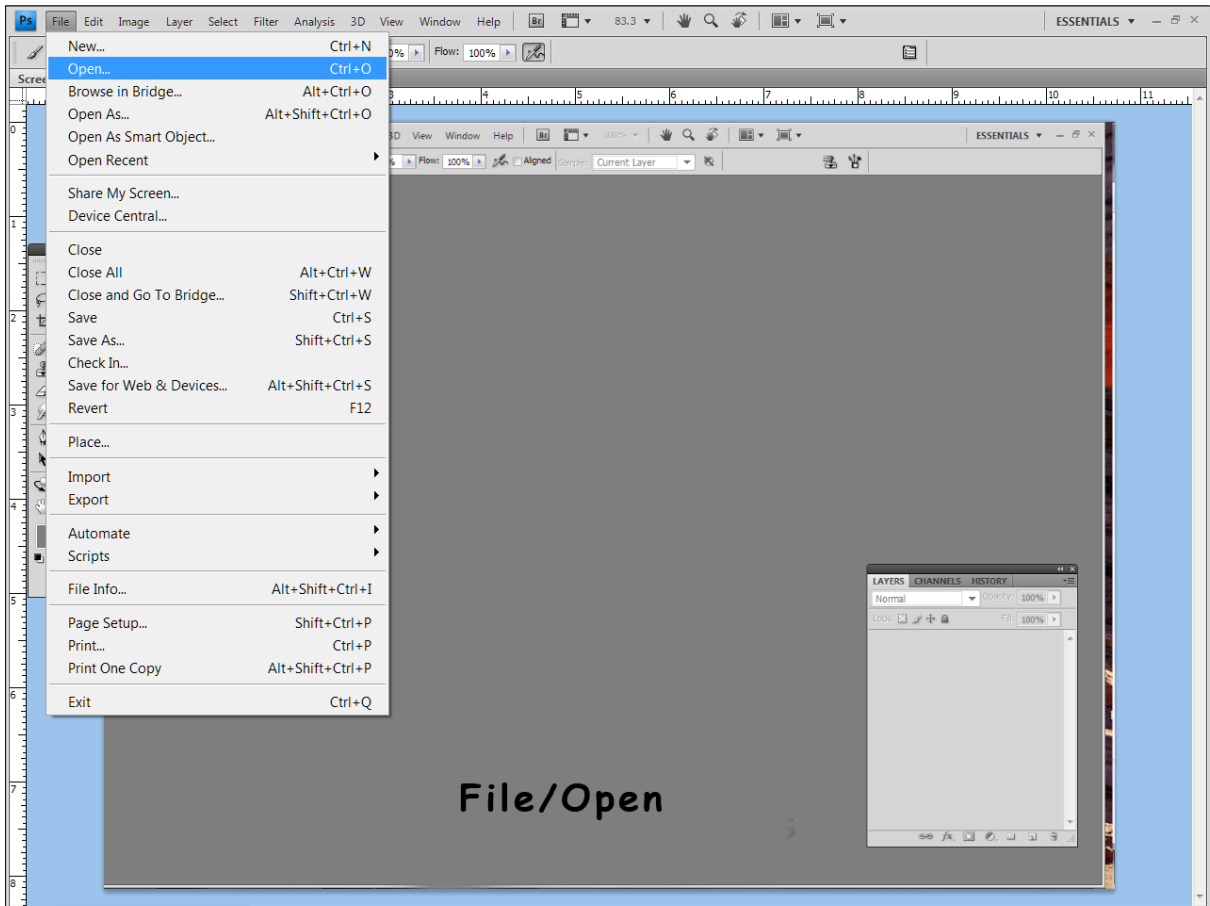

*Steve Basch*

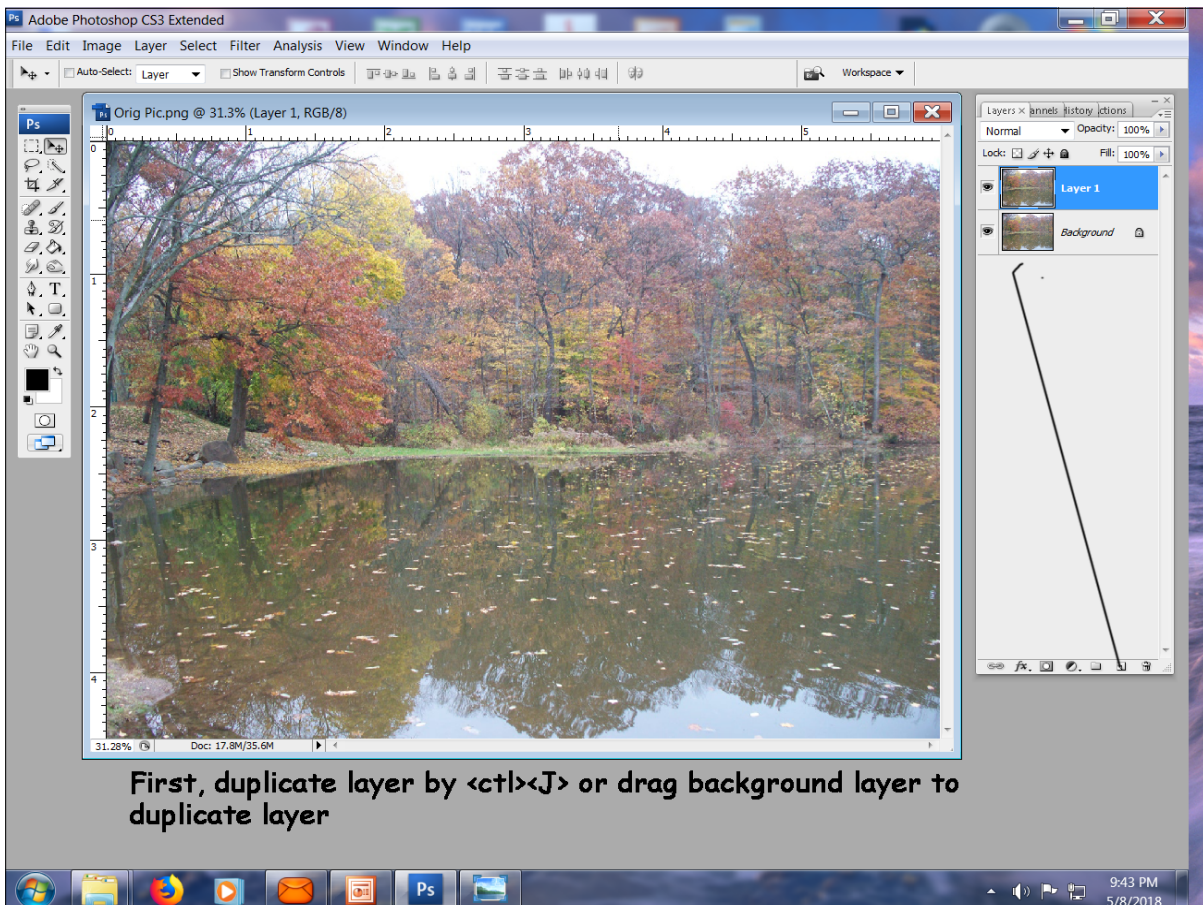

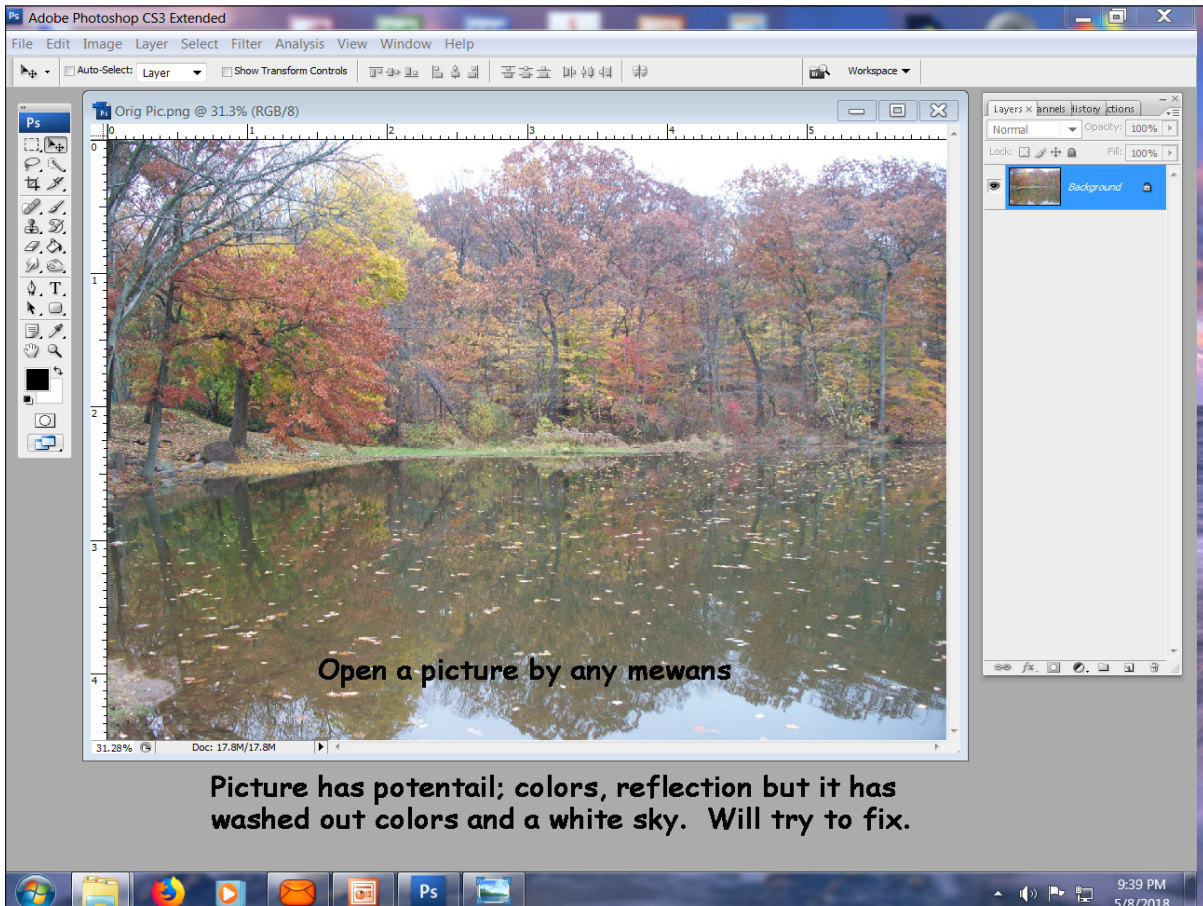

Hobbyists Camera Club

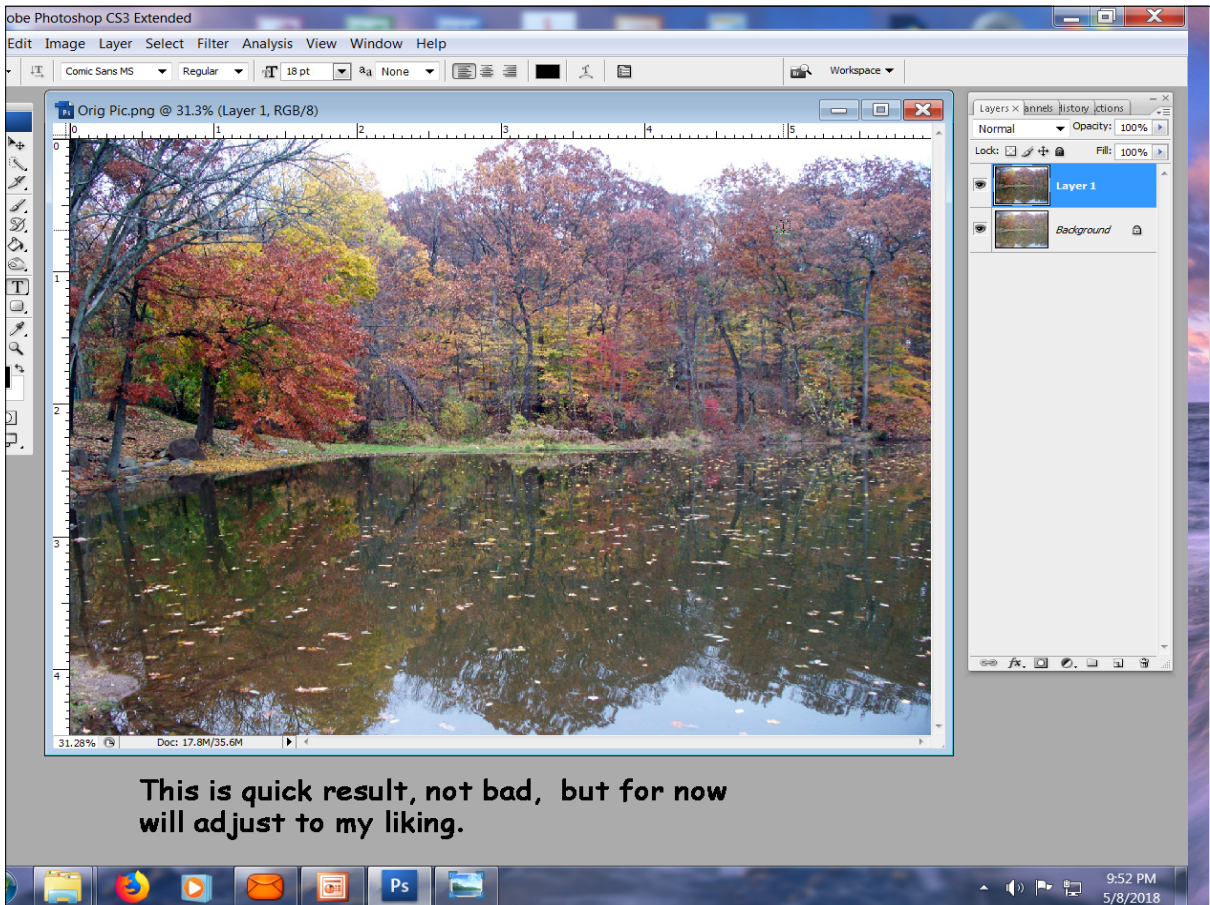

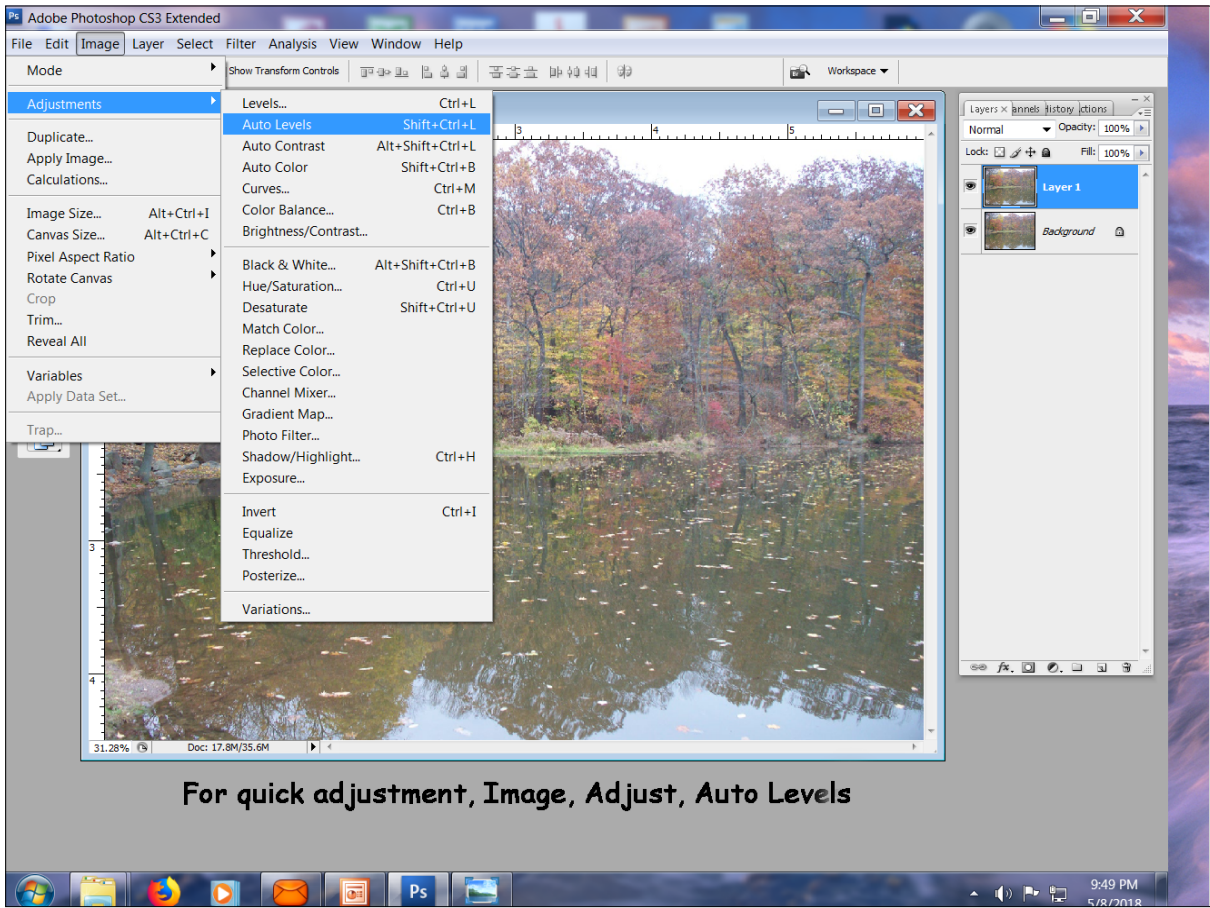

# Photoshop CS3 & CS4

## Layers & Photo Improvement

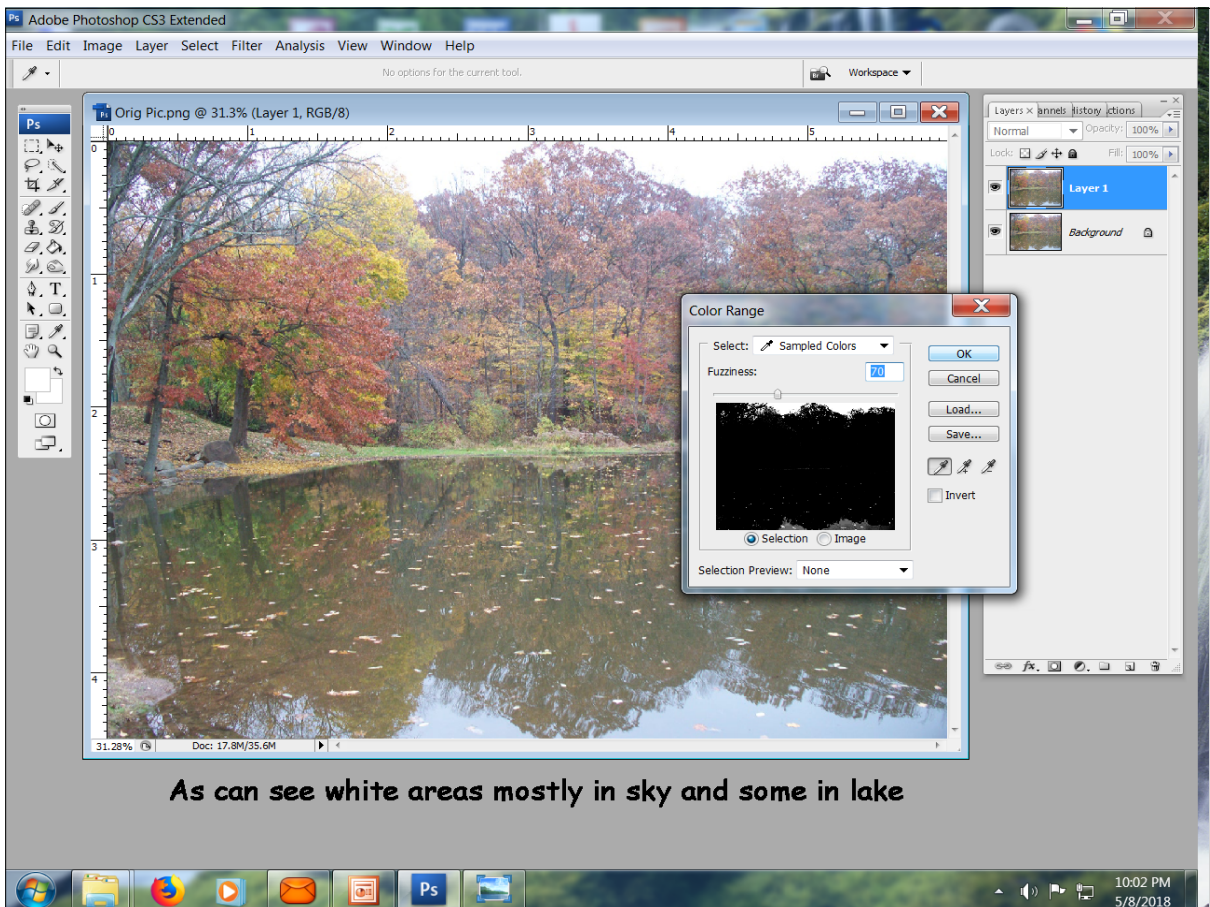

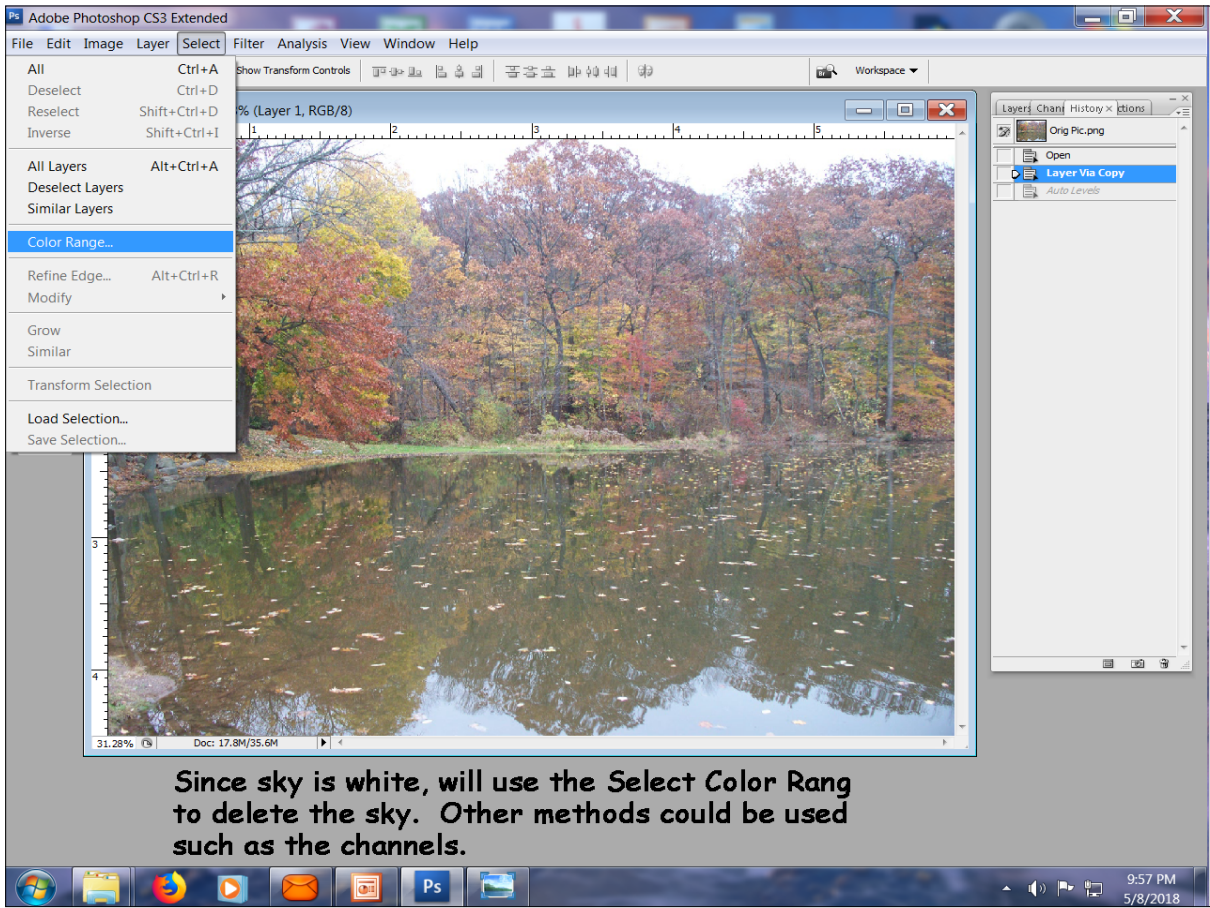

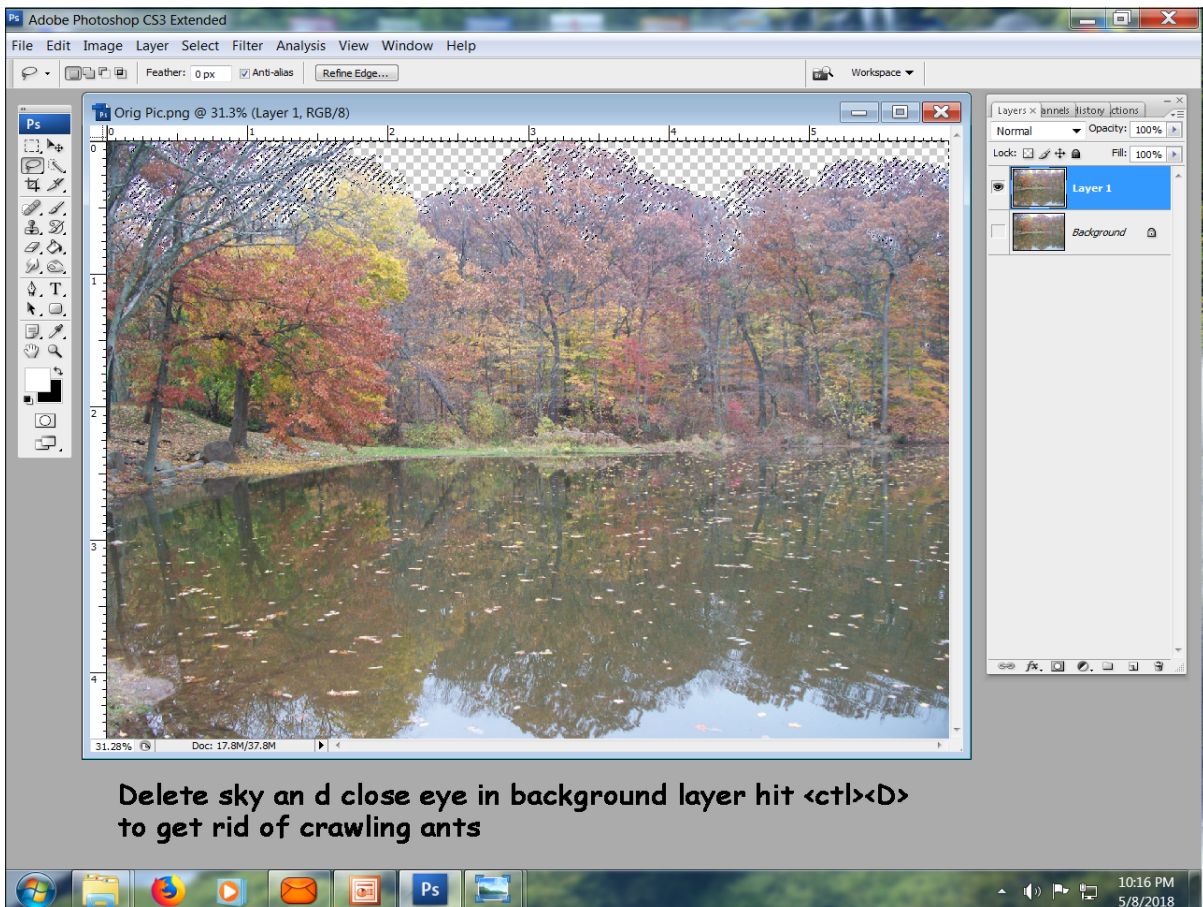

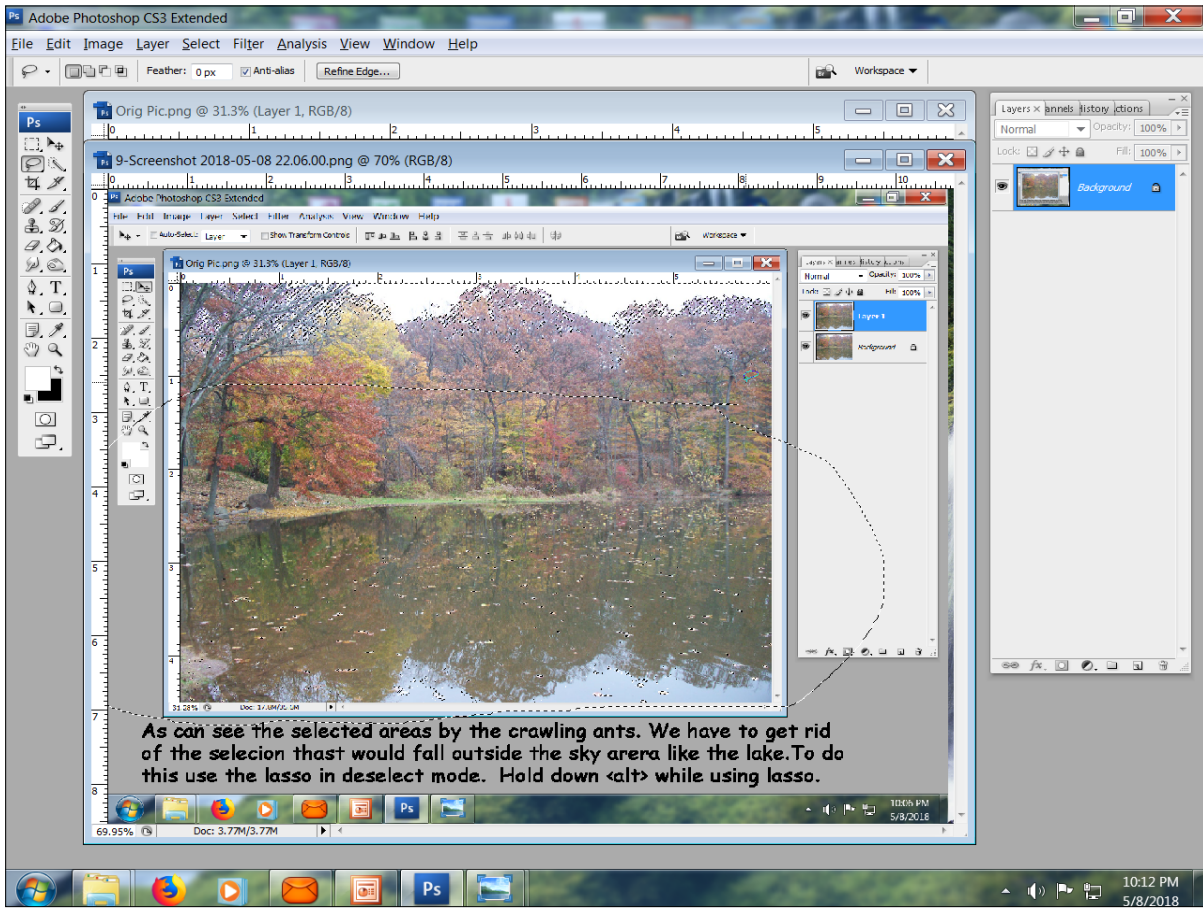

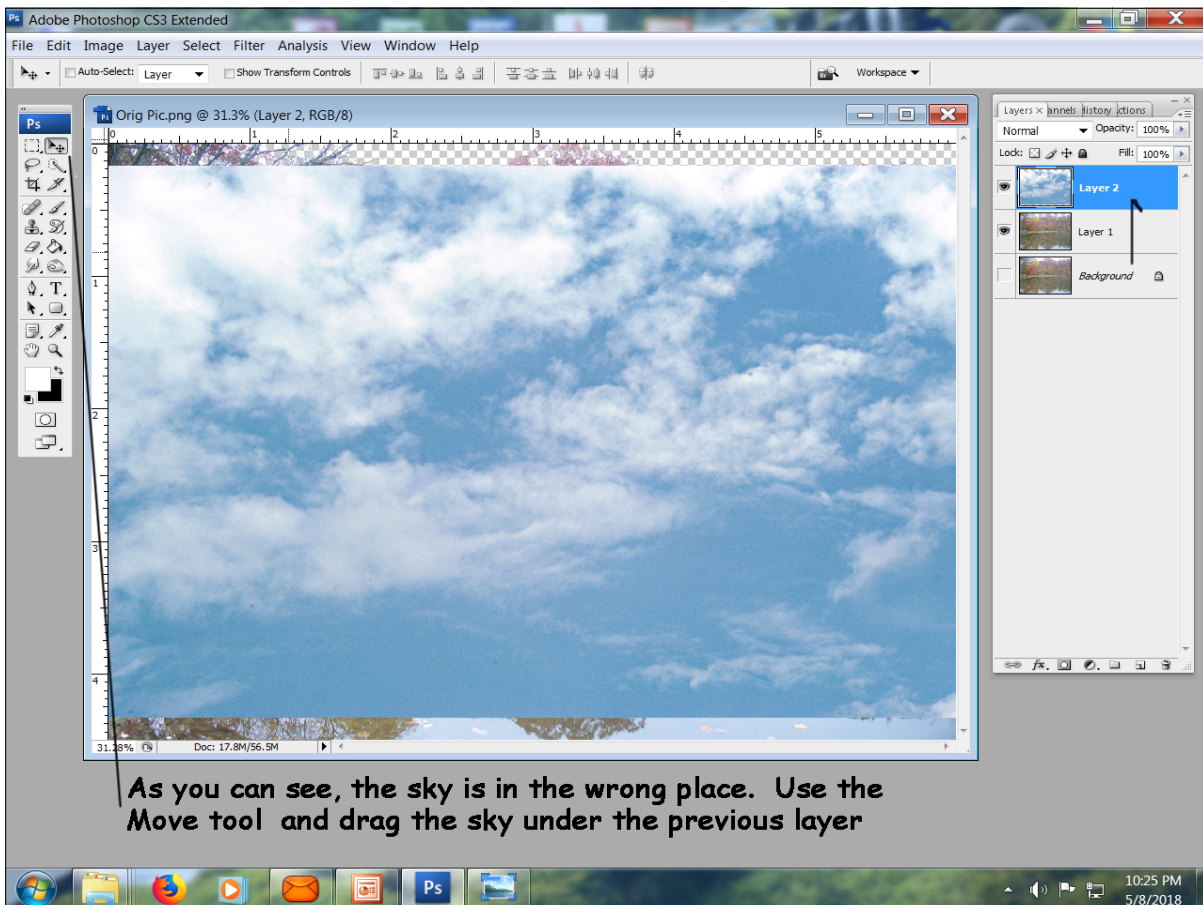

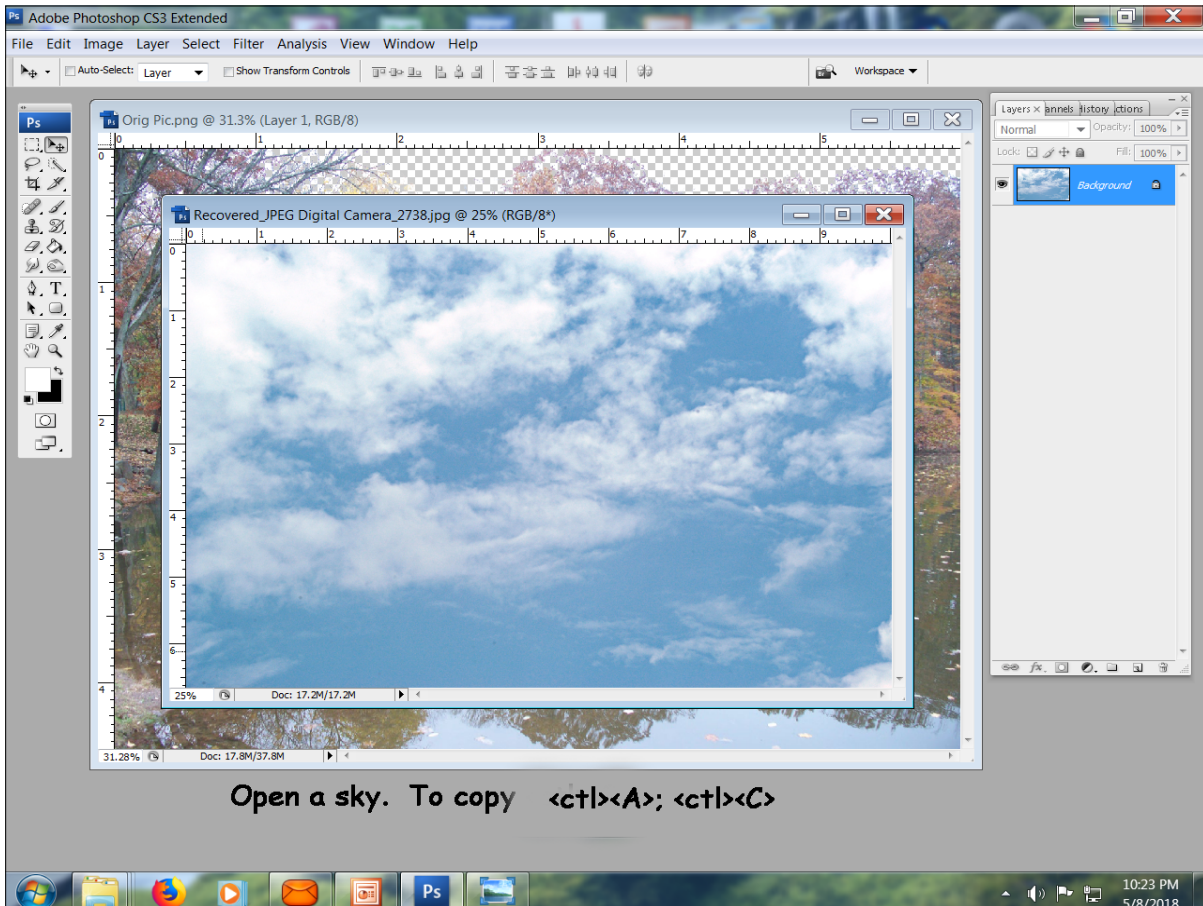

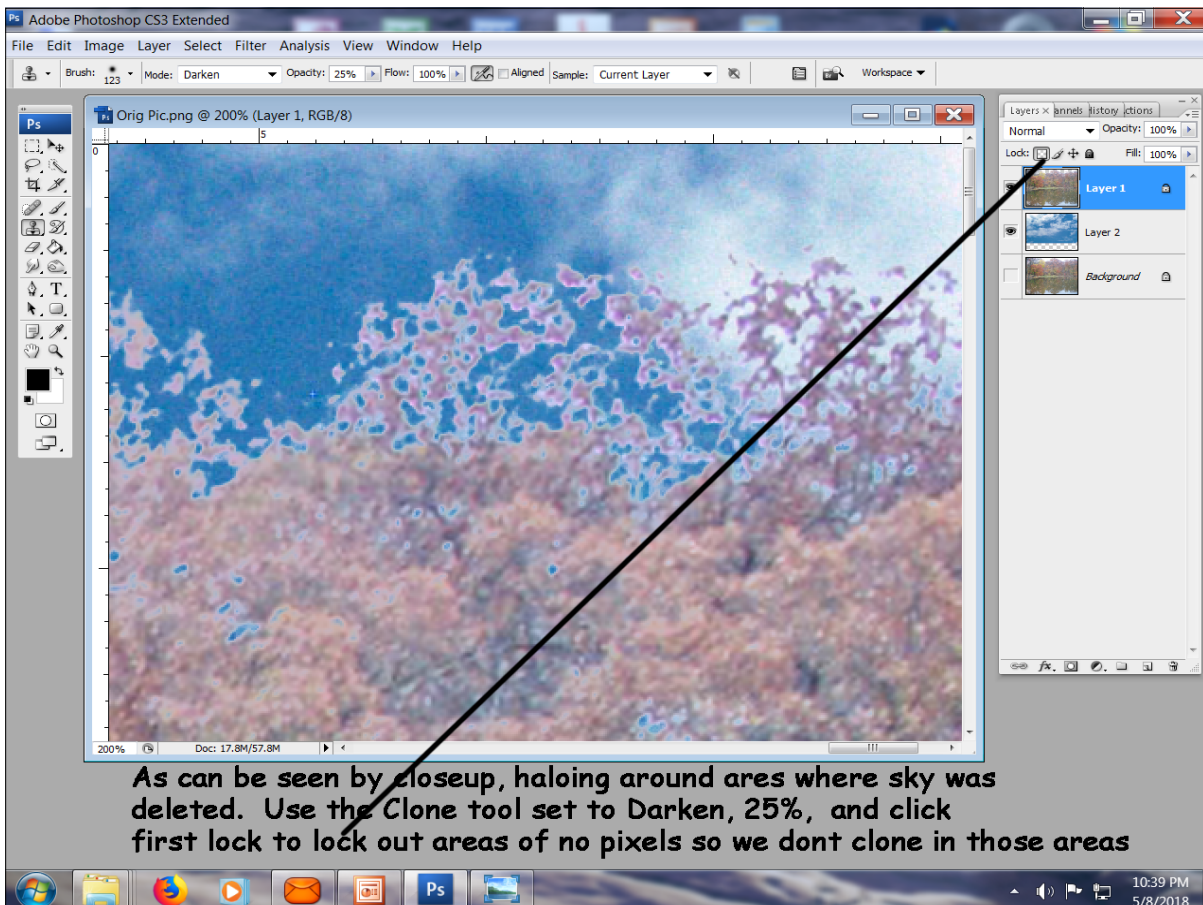

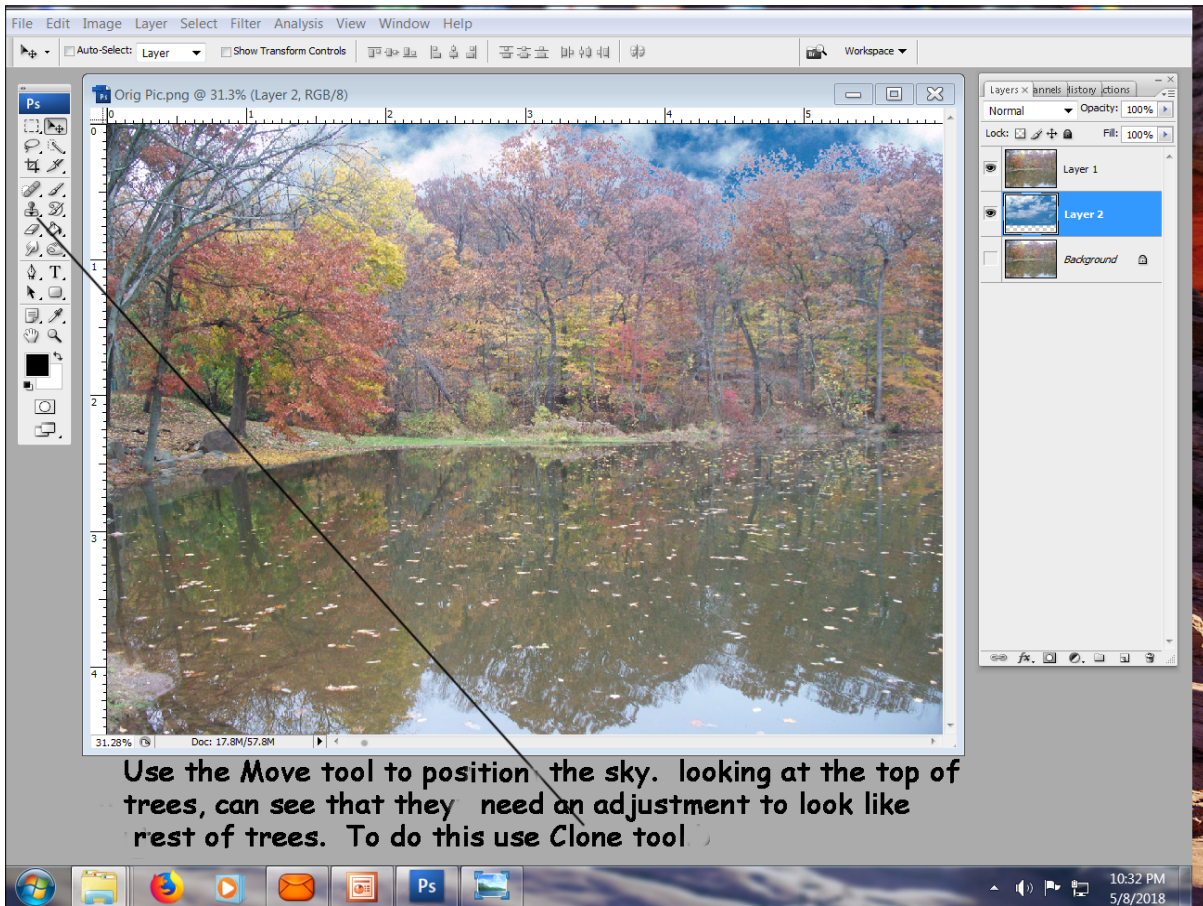

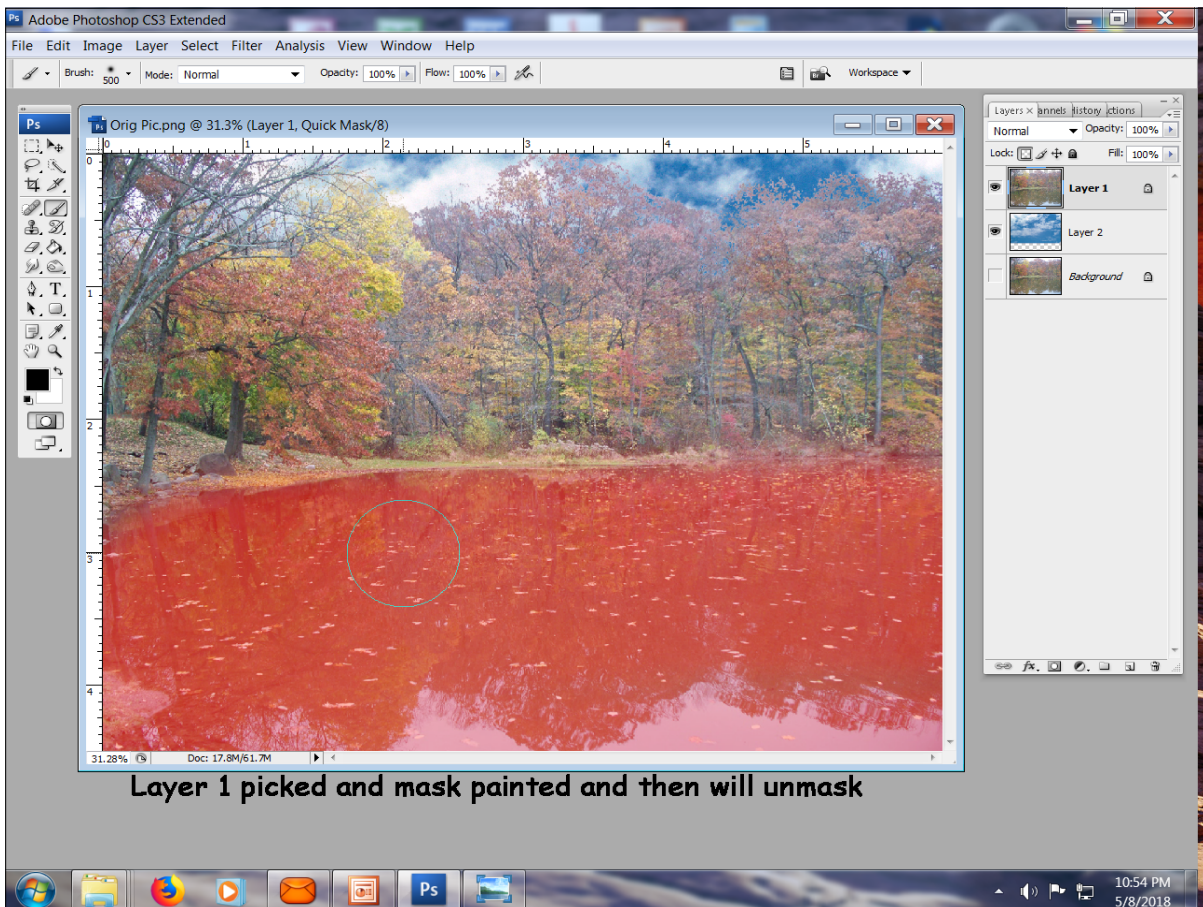

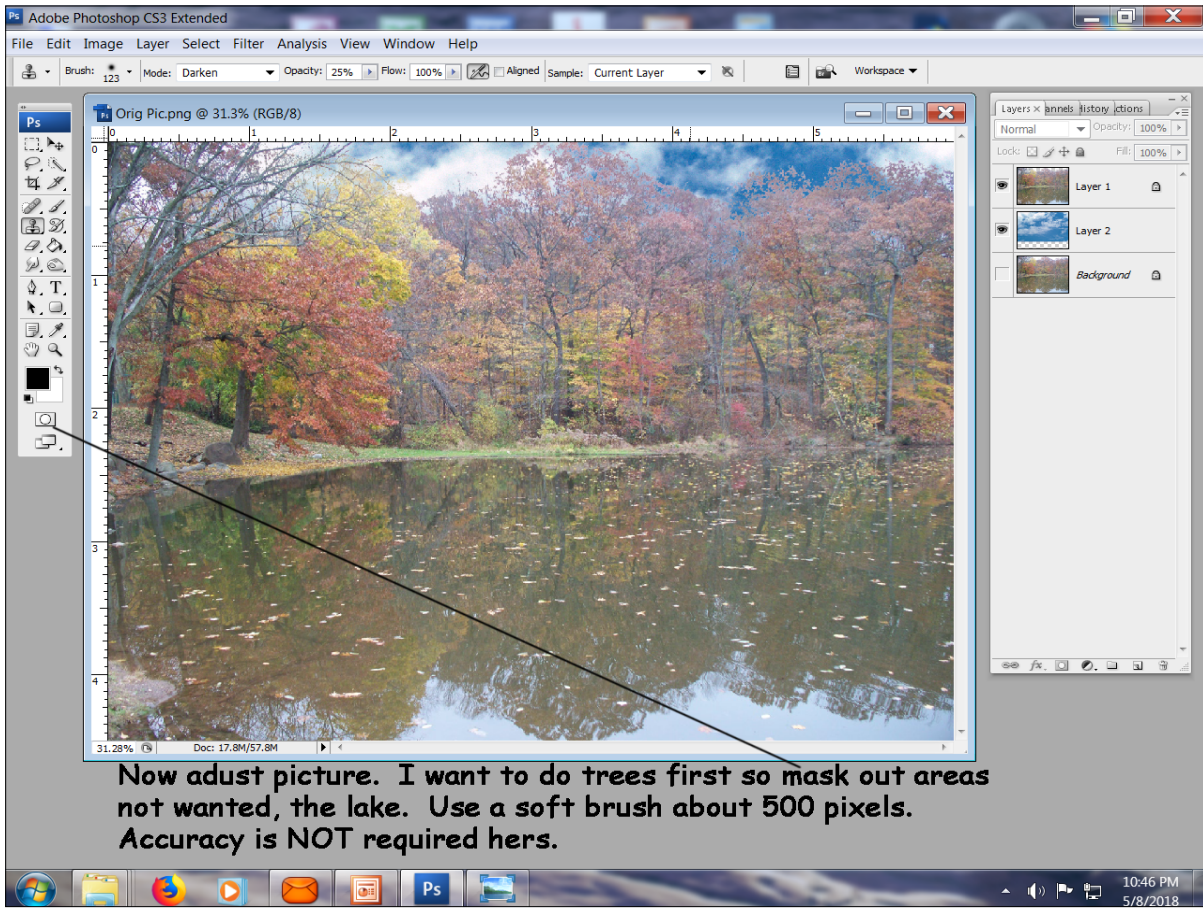

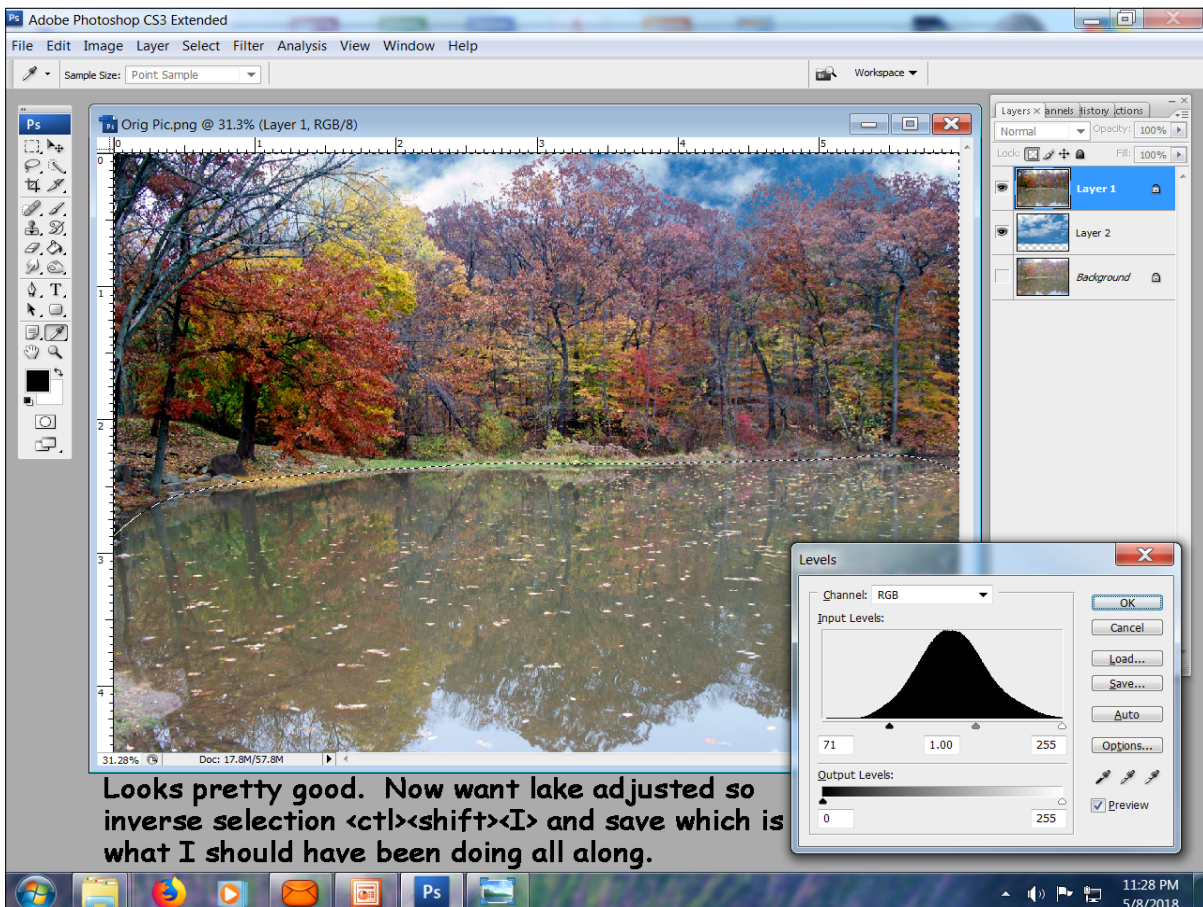

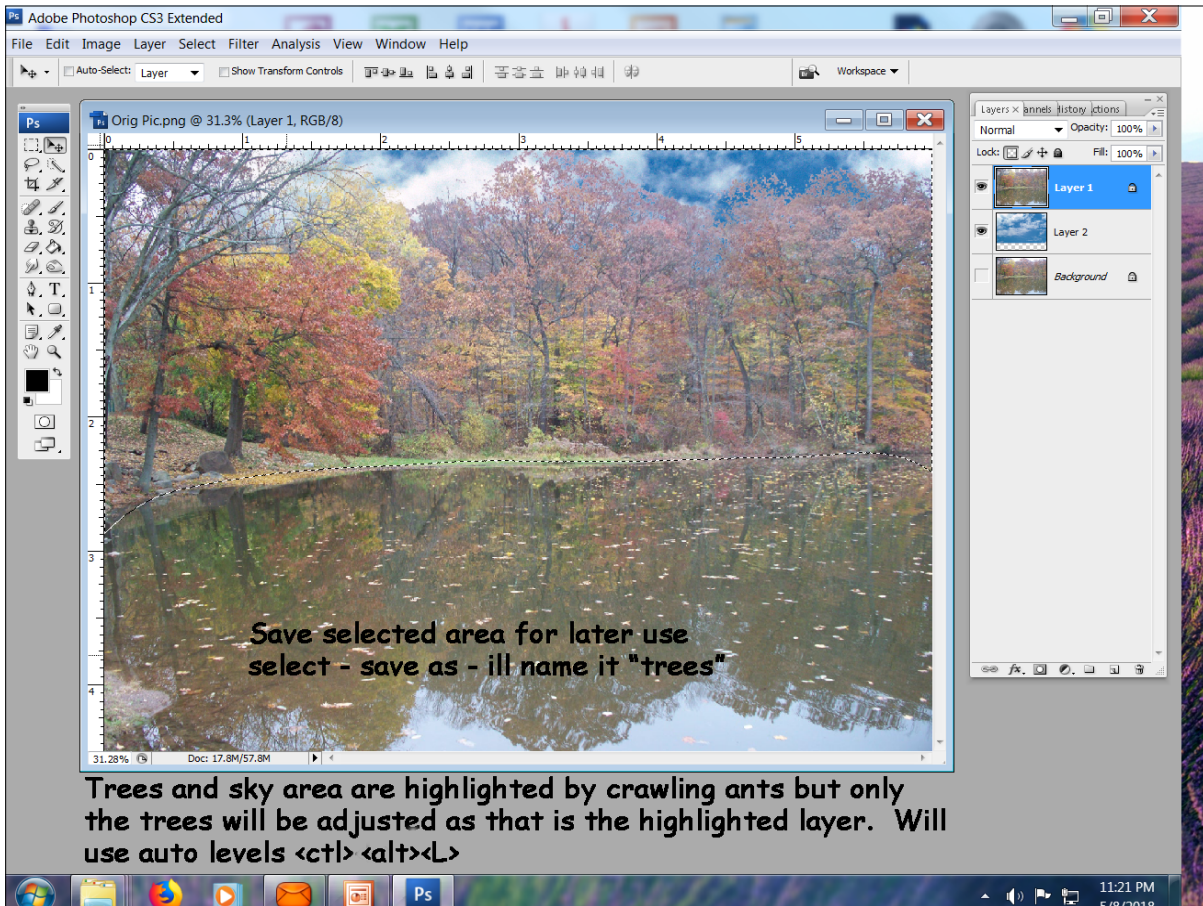

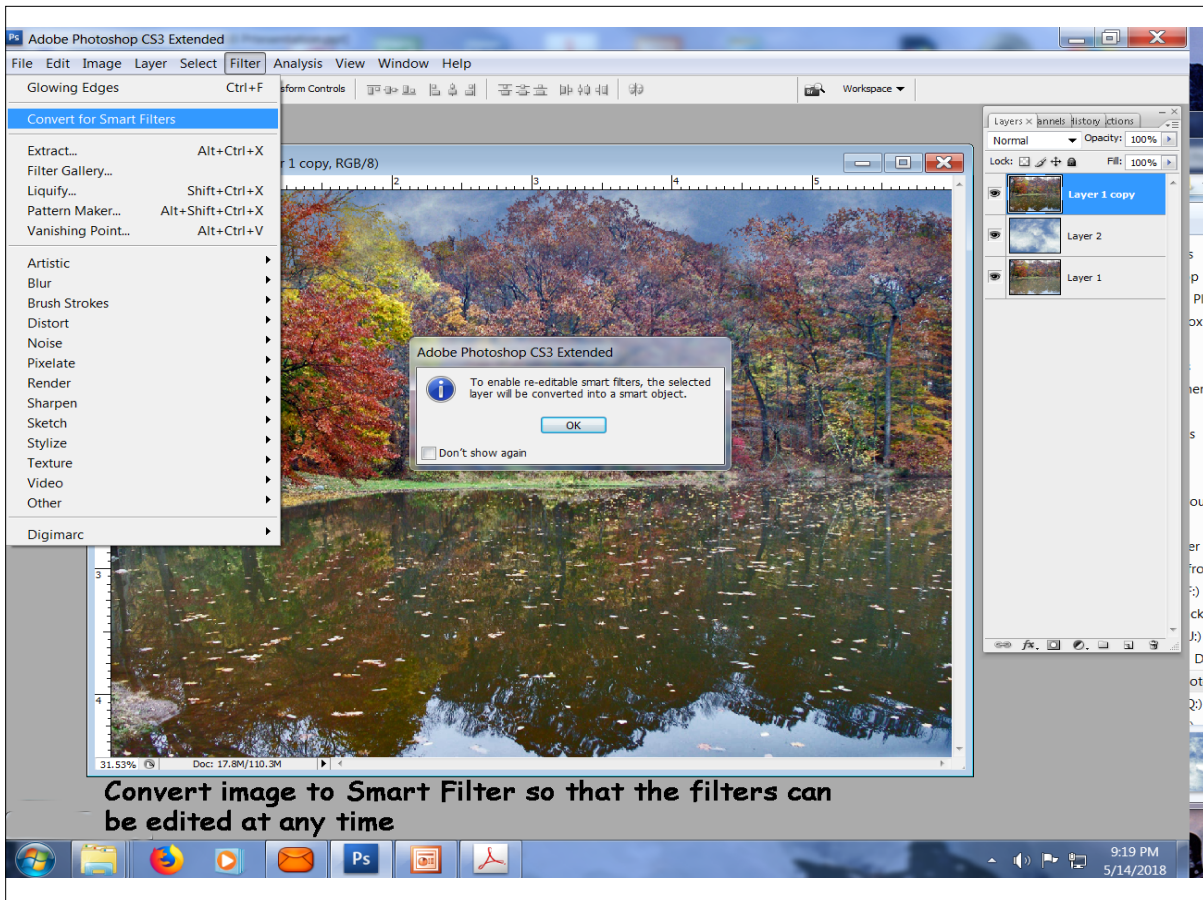

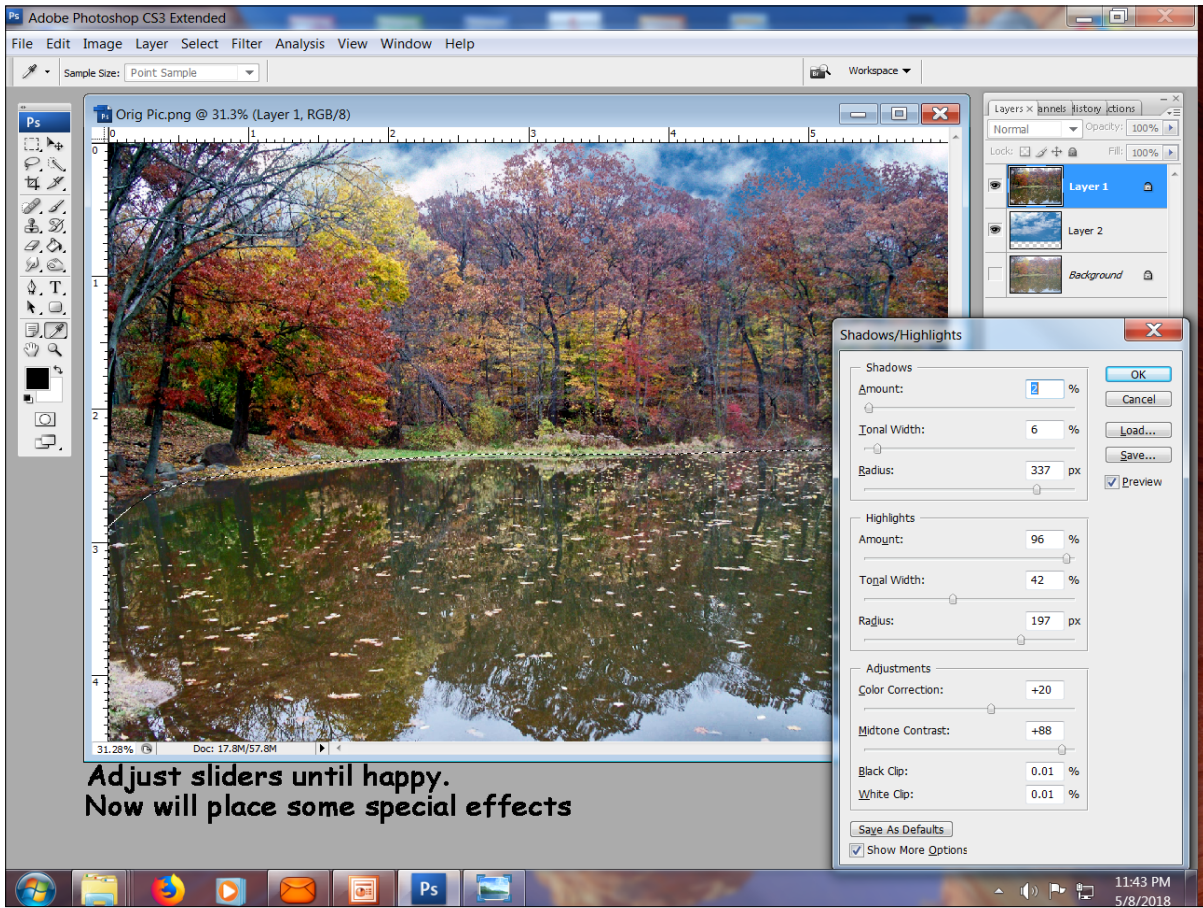

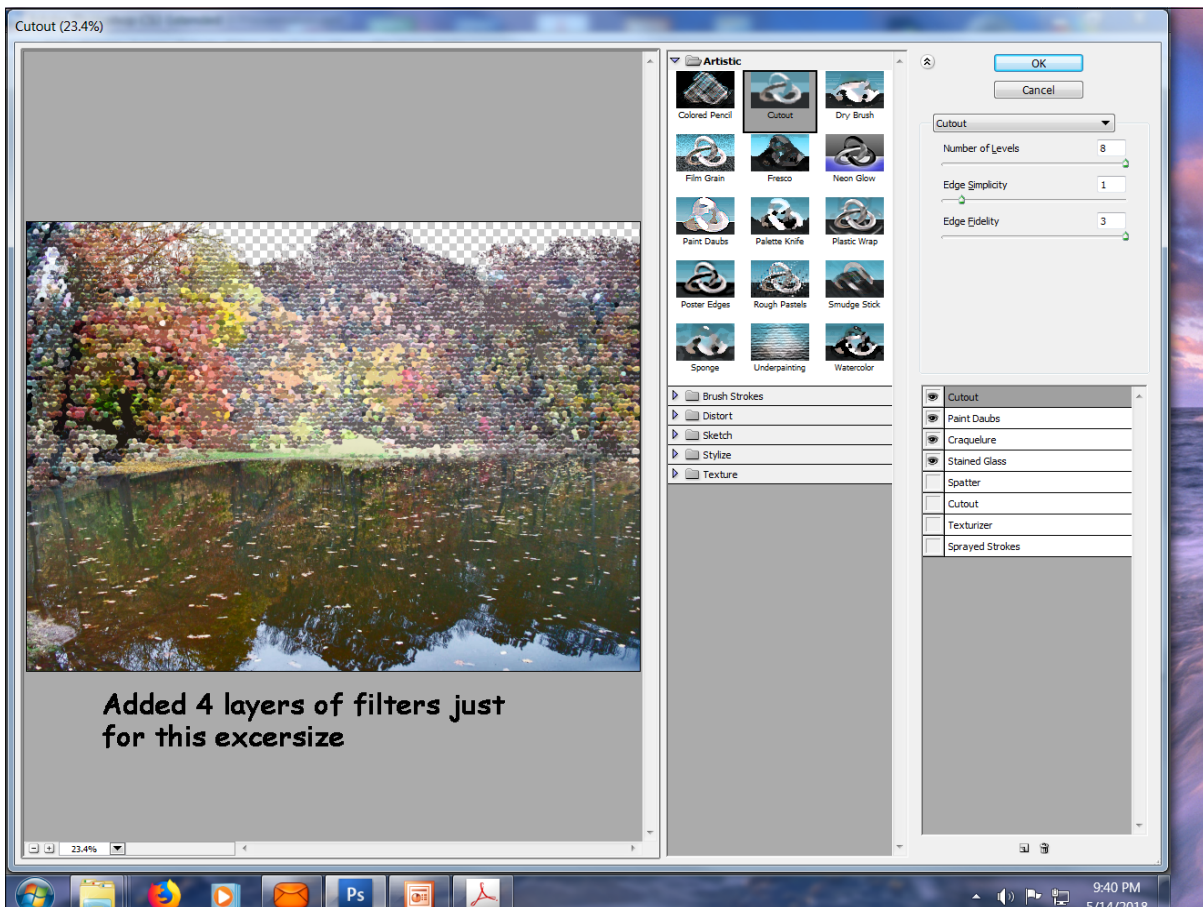

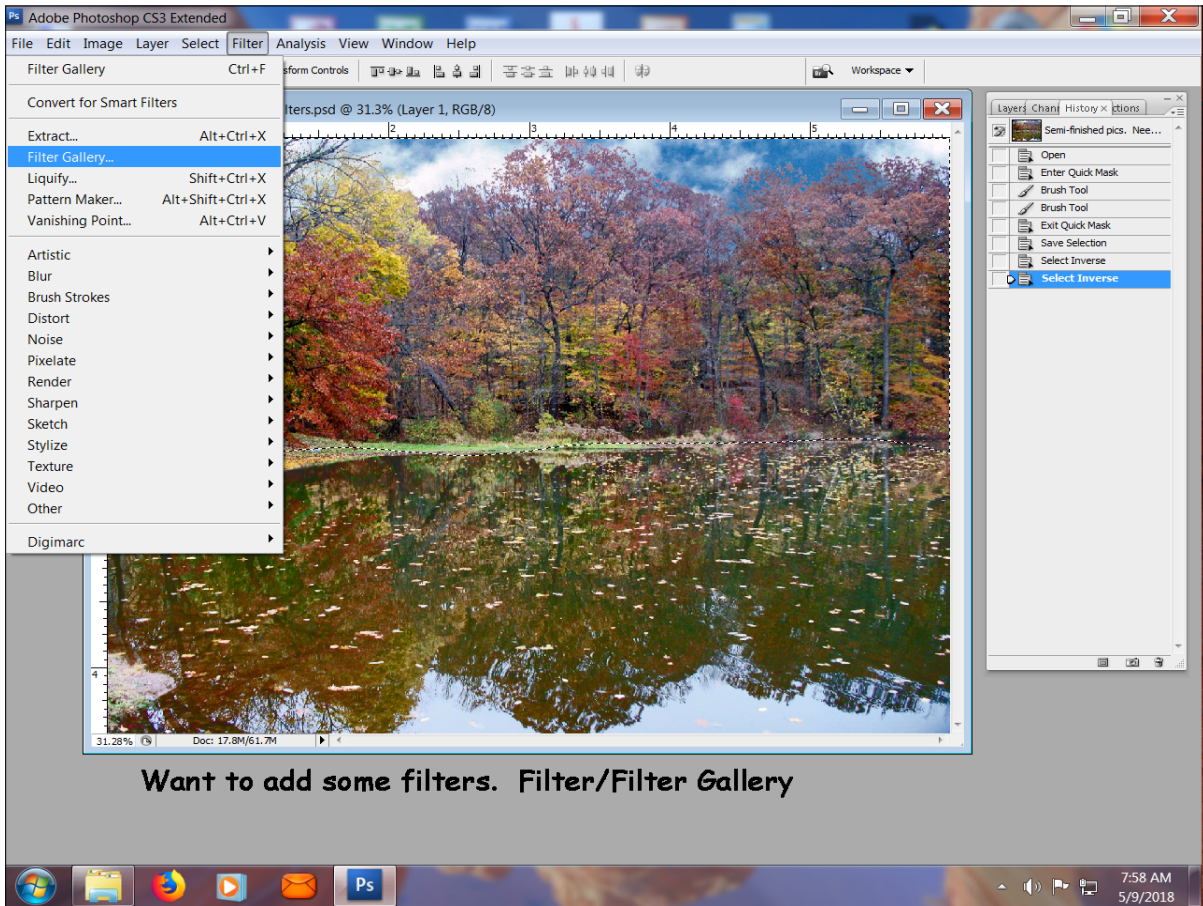

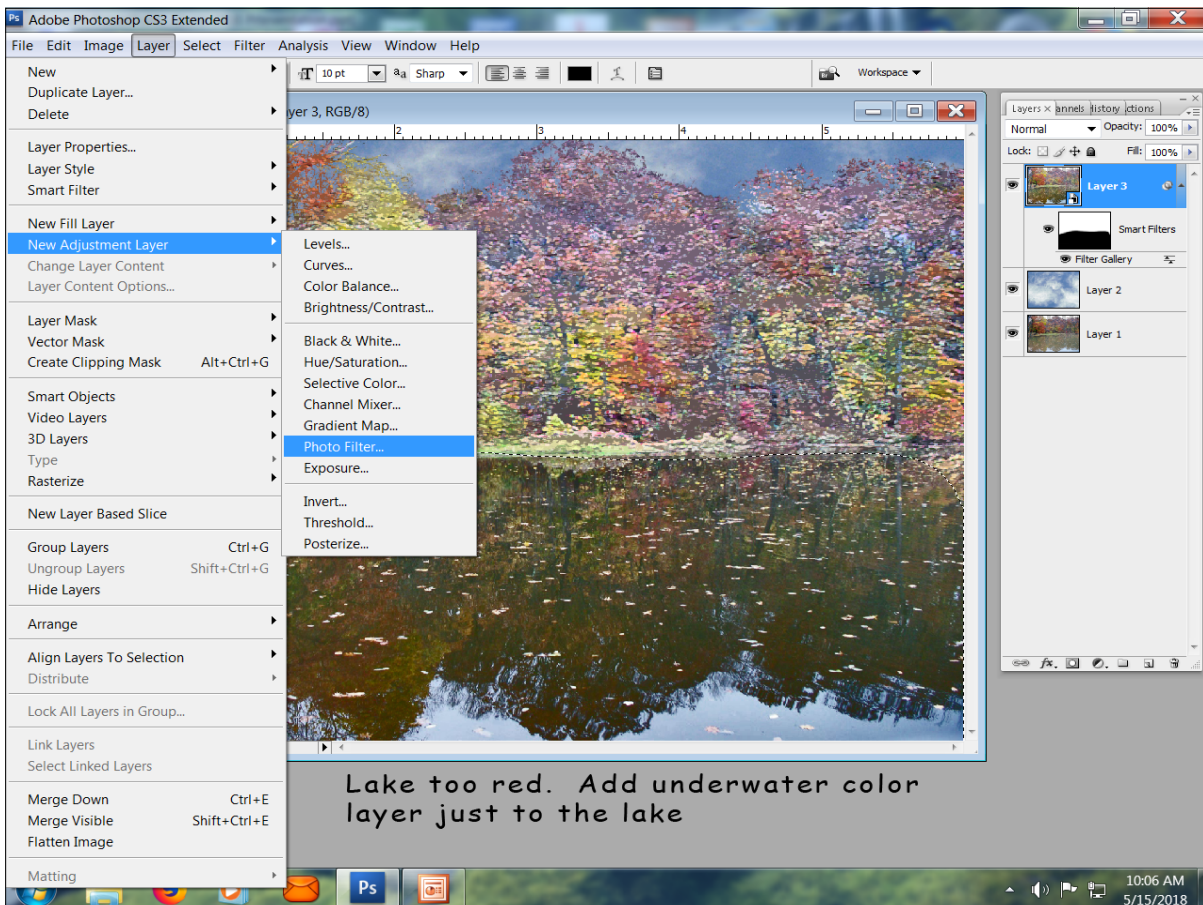

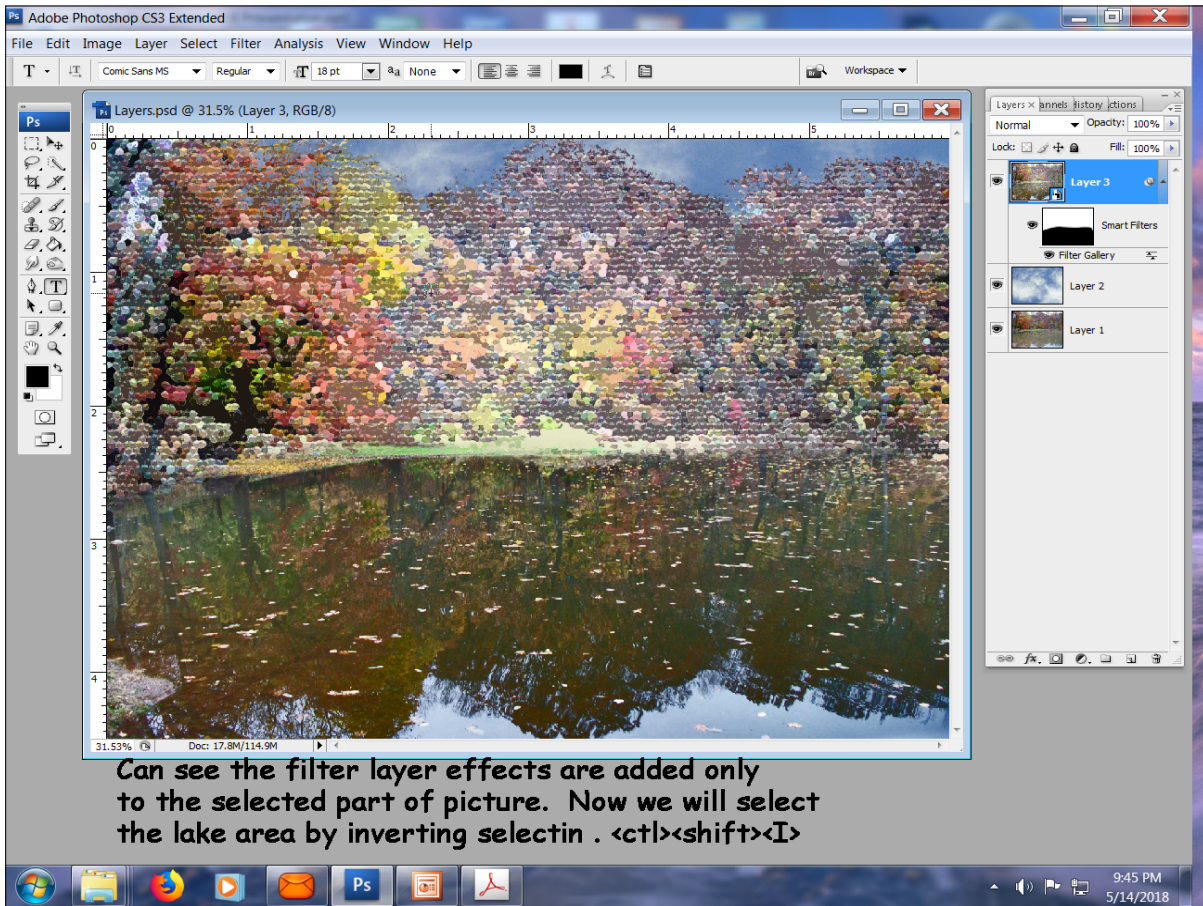

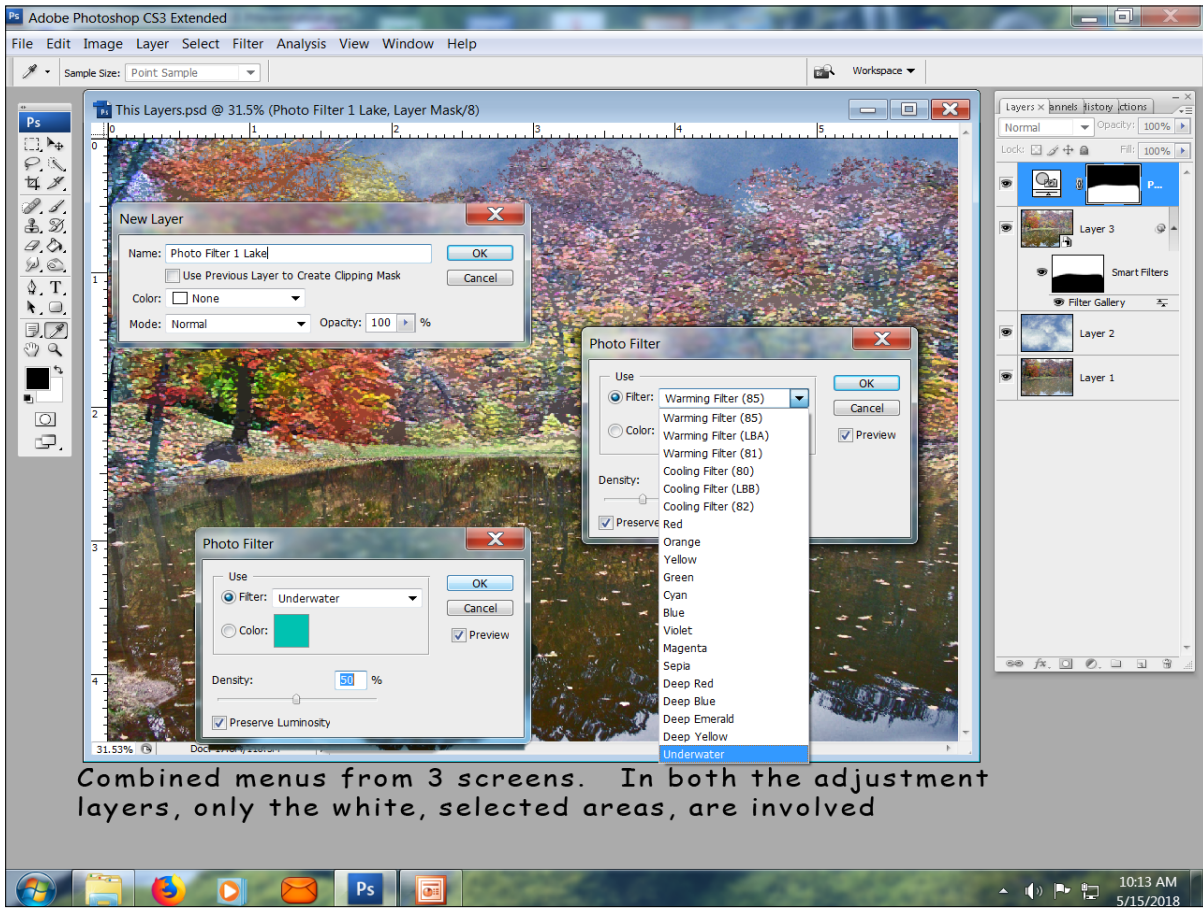

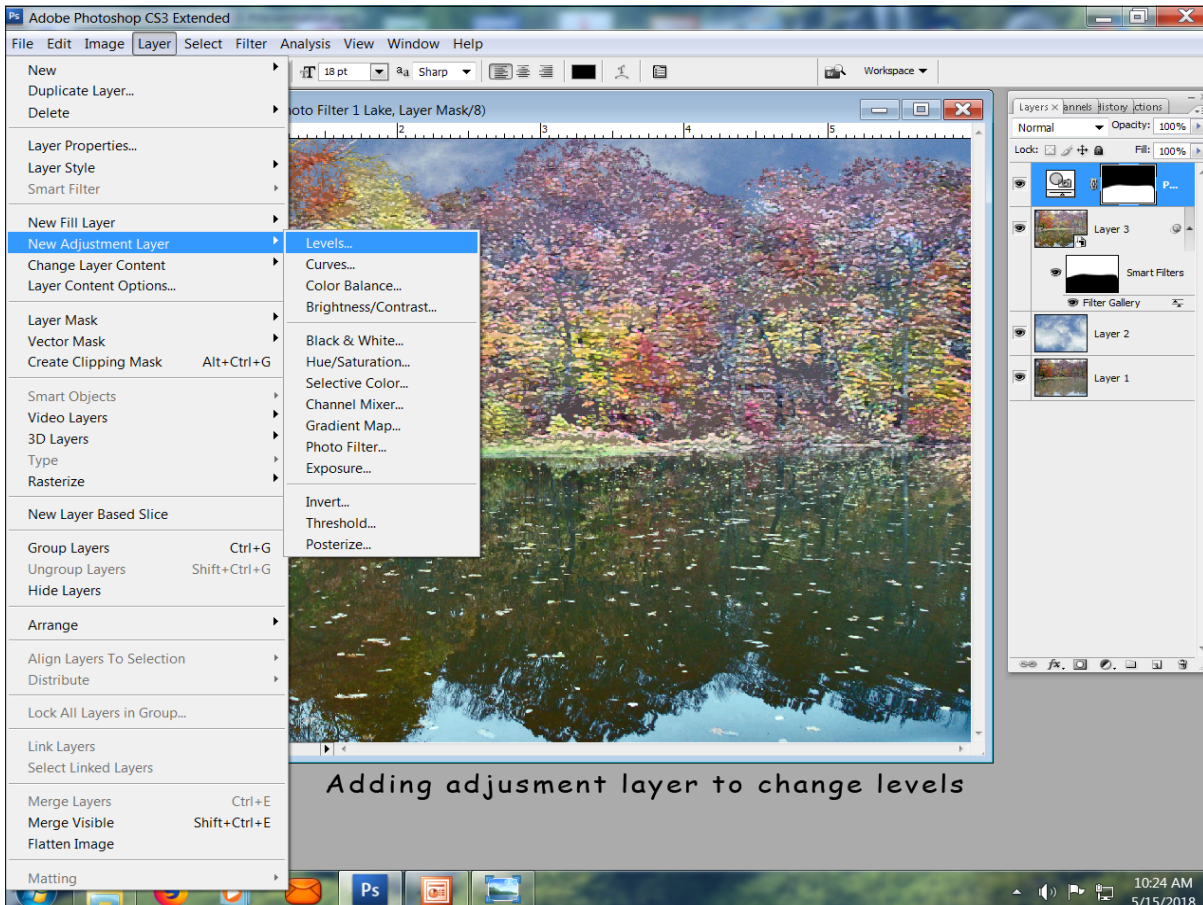

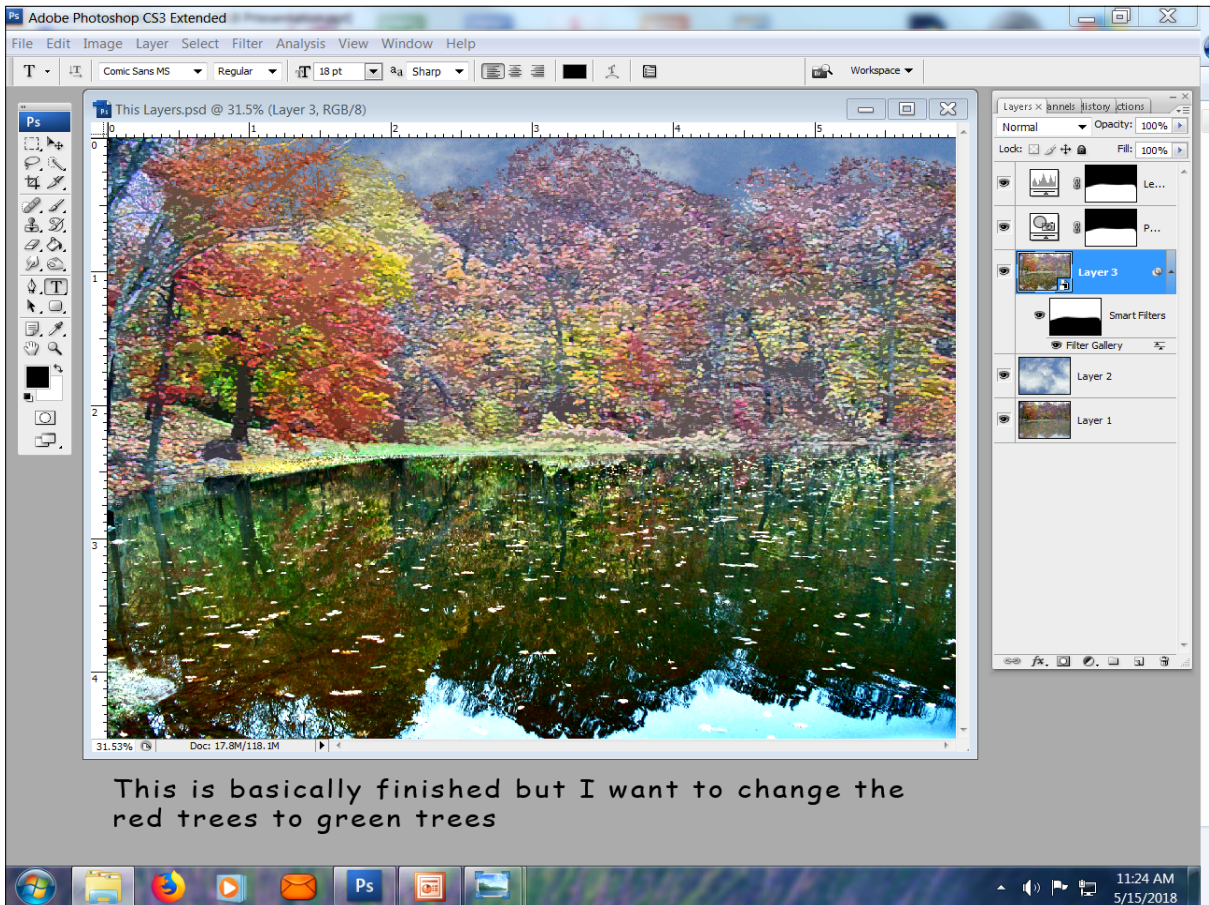

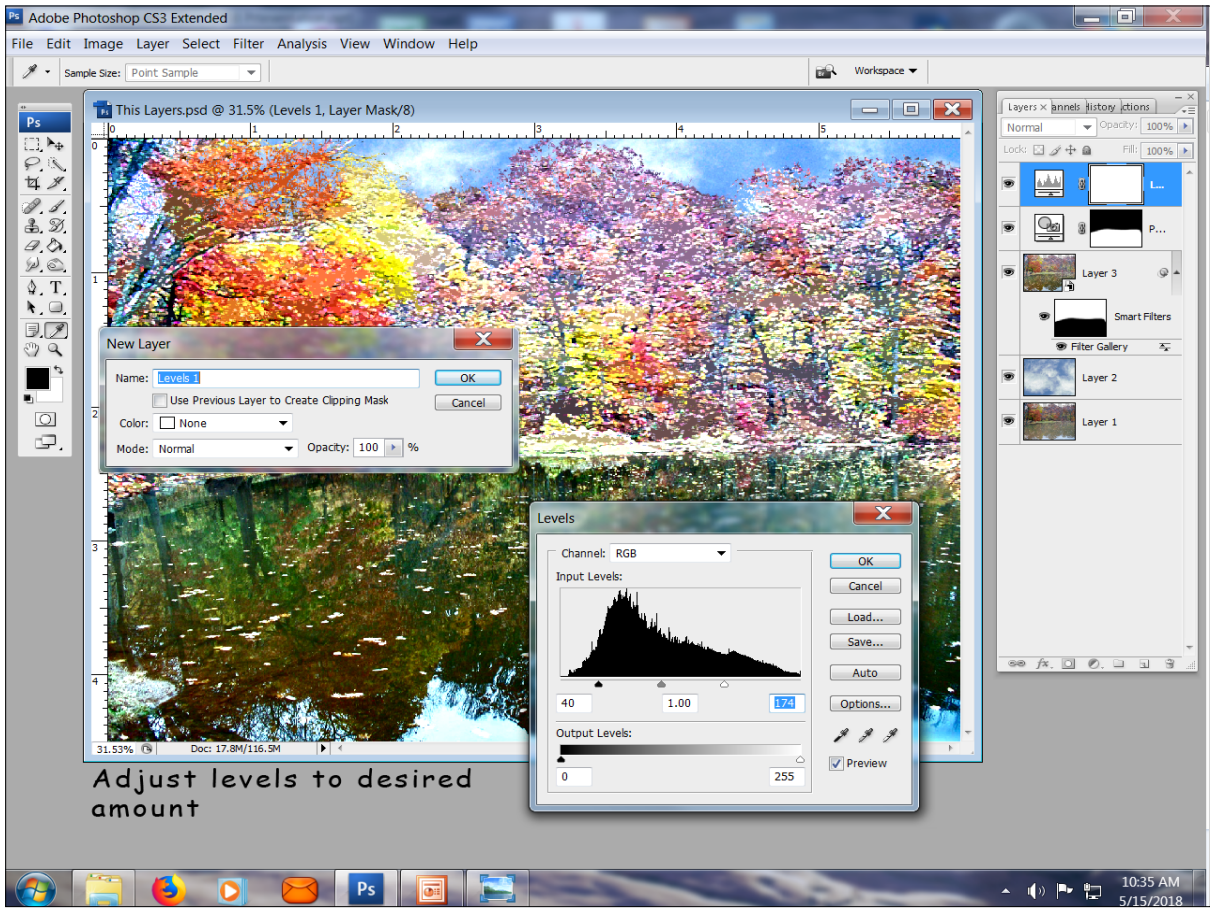

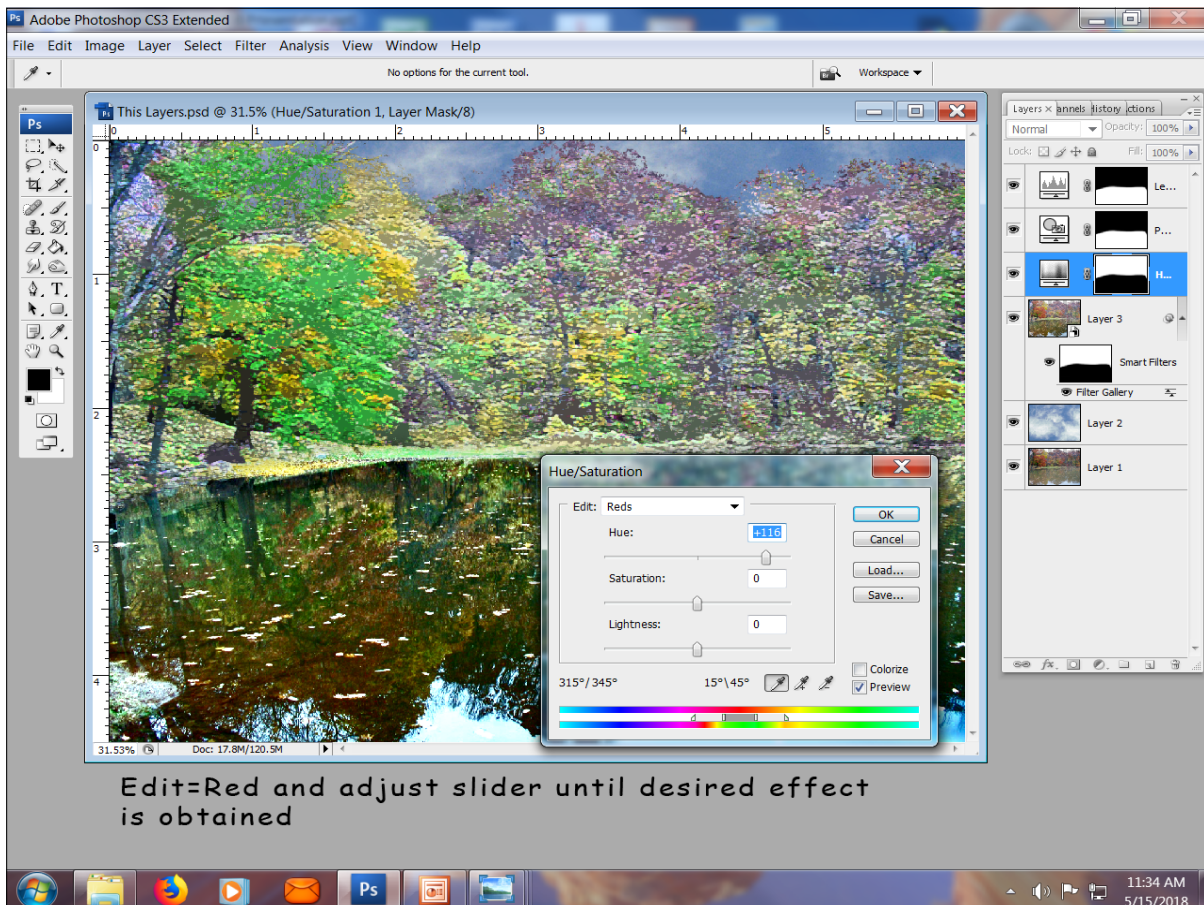

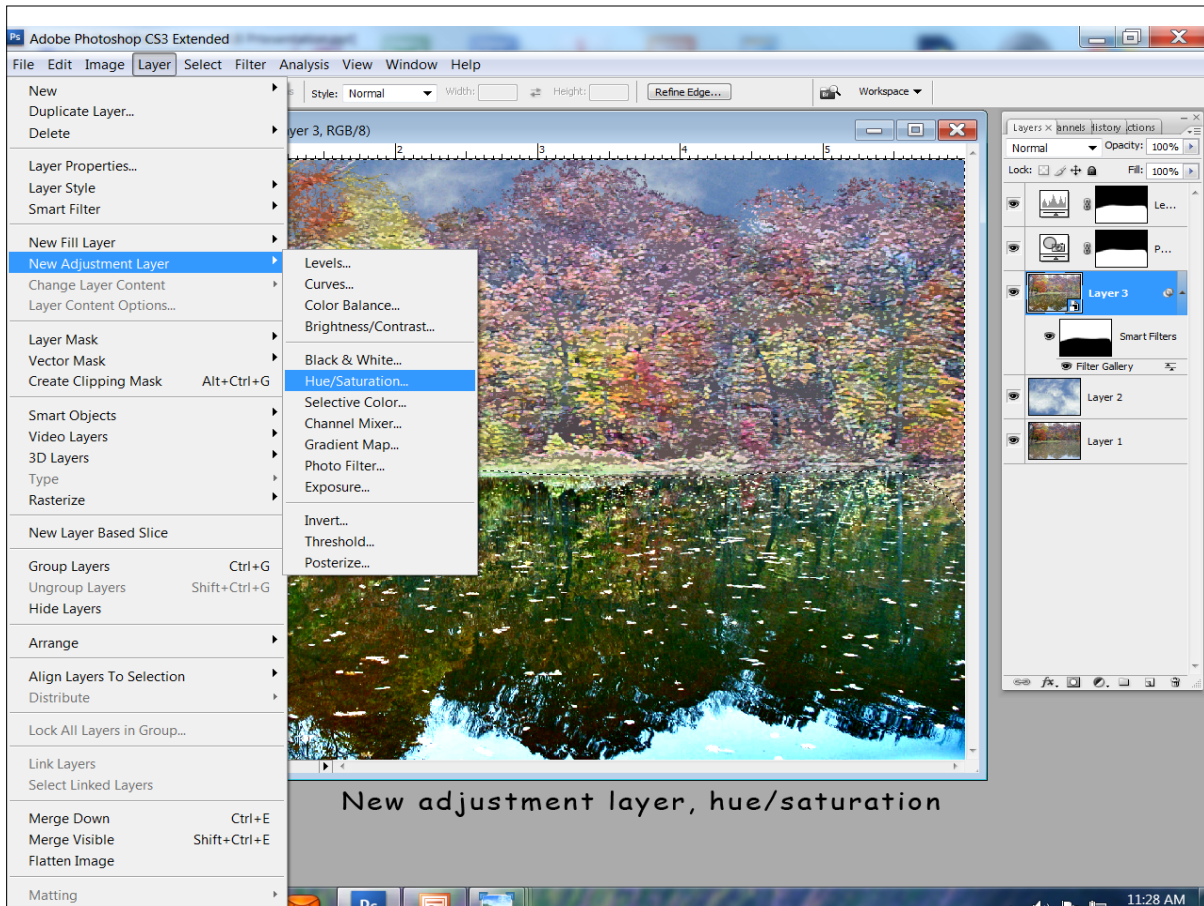

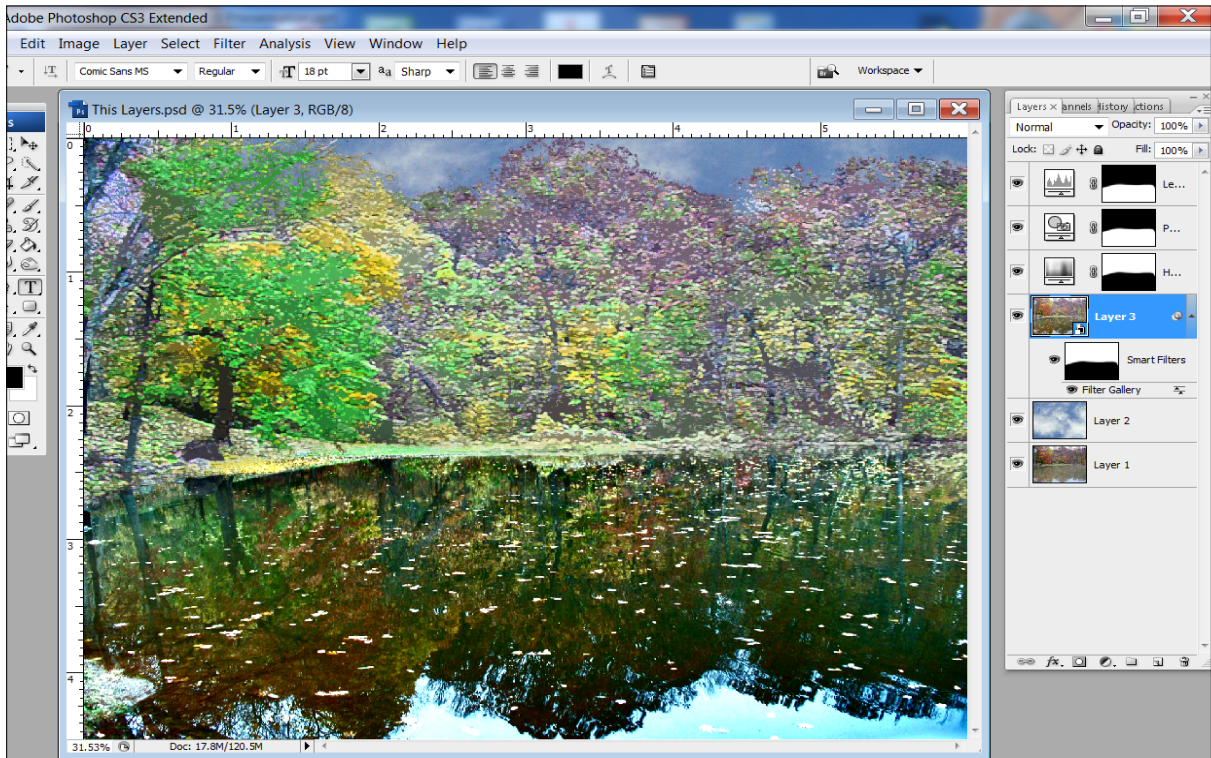

Combined menus from 3 screens. In both the adjustment layers, only the white, selected areas, are involved

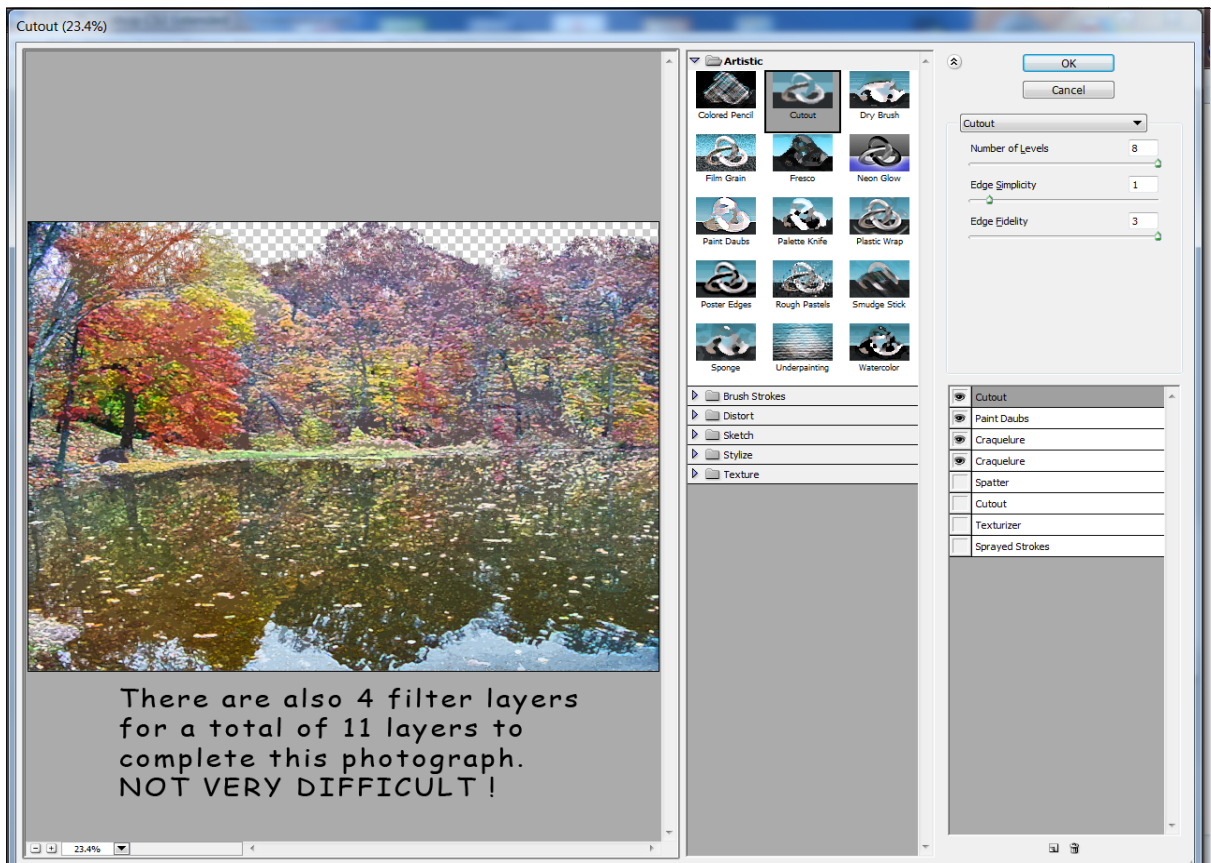

Adding adjustment layer to change levels

There are 7 different layer here to make this picture.  
Each can still be re-edited at any time

There are also 4 filter layers for a total of 11 layers to complete this photograph.  
**NOT VERY DIFFICULT!**

Adobe Photoshop CS3 Extended

Ps DSC\_1963X.jpg @ 14.8% (RGB/8)

14.78% Doc: 68.7M/98.8M

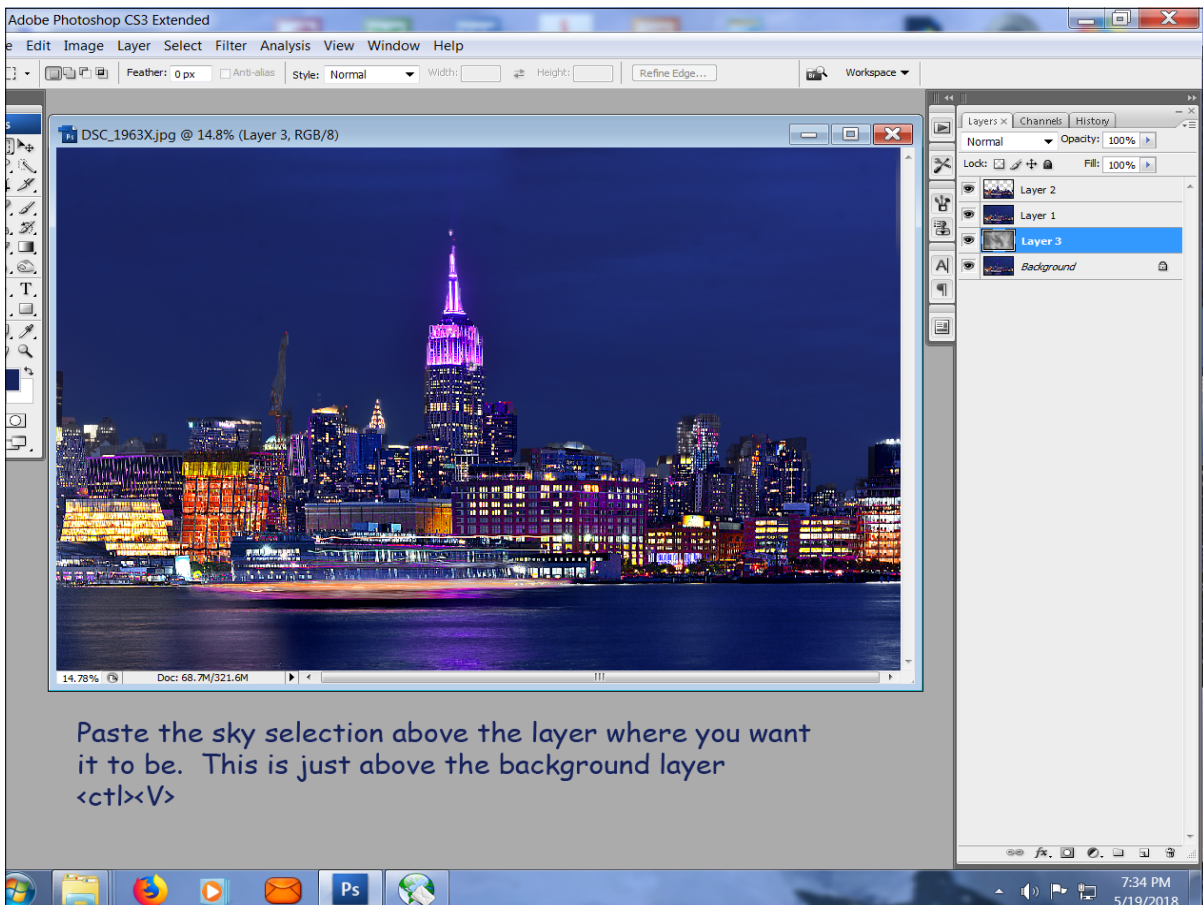

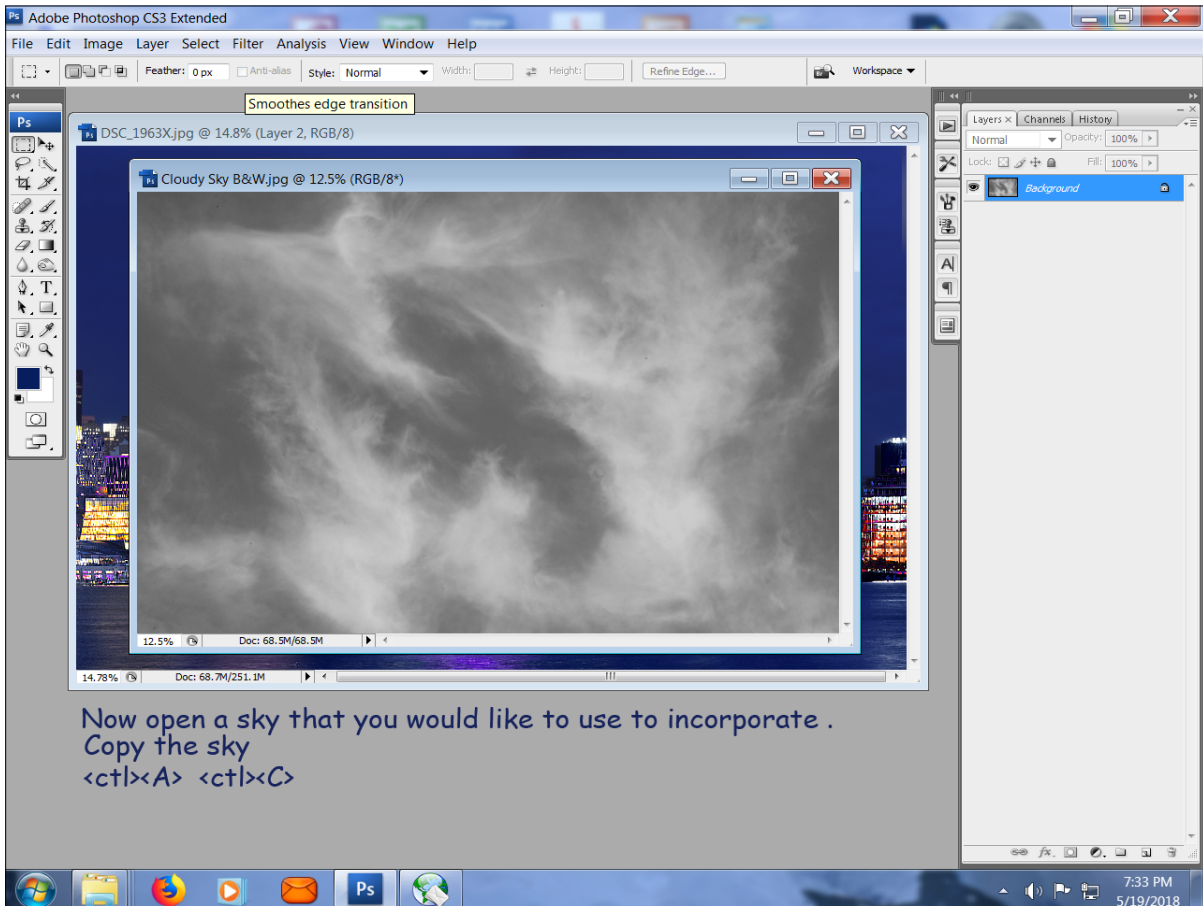

I like this picture but the sky is too blue and just plain.  
I want to add some clouds.  
The first thing I do is make a duplicate of background layer

## Suggested Photo Field Trip

---

Hobbyists Camera Club

## Photo Field Trip - NJ Balloons Festival

- ❖ The annual special liftoff for photo enthusiasts at the NJ Festival of Ballooning in Readington, NJ is scheduled for **Friday July 27, 2018**.
- ❖ This free, open field event for amateur photographers and press is scheduled starting at 6:30am. The photo ops of this event (tens of hot-air balloons are usually inflated and launched) are well worth the very early departure time (at around 4:45am).
- ❖ Unfortunately this year I will not be able to attend this event but I strongly suggest you plan to go to it (especially if you have never done it).
